OUTDOOR GAMES FOR LIFE™

2 Player Hook & Ring

MANUAL

The Setup

1. Remove all the parts from the carry bag and lay them out on a flat surface.

2. What's included?

- a. 1 Base
- b. 1 Post
- c. 1 Roof
- d. 2 Pieces of Rope
- e. 2 Hooks
- f. 2 Rings
- g. 2 Eye Hooks
- h. 1 Wooden Score Keeper
- i. 1 Black Screw
- j. 1 Allen Wrench
- k. 4 Rubber Feet
- l. Carry Bag

3. Assembly Instructions

- a. Screw the 2 eye hooks into the pre-drilled holes on the under side of the roof
- b. Screw the 2 hooks into the pre-drilled holes of the post
- c. Tie the ring to the end of each rope
- d. Tighten the post to the base using the black screw and the allen wrench
- e. Next tighten the roof to the post, remember that the roof and the base should be aligned together with the hooks on the post
- f. Once everything is aligned put the rings onto the hooks and take the other end of the ropes and secure them to the eye hooks. The rings should be removable from the hooks after the rope is securely tied to the eye hook.
- g. Place the wooden score piece on top of the roof covering the Elakai logo to start the game.

The Rules

The objective of the hook and ring game is to get the ring onto the hook more times than the opponent and in less time.

Head-to-Head

Players begin playing at the same time. The first person to hook their ring then moves the wooden scorer one spot in the direction of their opponent. Players continue to play until the wooden scorer is no longer in one of the scoring slots on the opponent's side of the roof and the scorer is removed from the roof.

First to Ten

Players take turns timing each other to see who can hook their ring 10 times. The fastest time wins!

House Rules

- a. Rules not found in a game's manual
- b. Made-up rules followed within one's specific household, party, or event

Care and Maintenance

Keep it Clean

Use a damp cloth to wipe off dust and dirt after every use. If it is a bigger job that requires something more heavy duty, use warm, soapy water. Cleaning your equipment will keep it from deteriorating over time.

Update the Coat

Our games come pre-coated with a high-grade sealant that protects not only the aesthetic of the wood but also, it's integrity. Different climates, weather, and playing surfaces can change the length of the protection you get from our original process, so if you start to see some wear you should simply add another layer of sealer to extend the life of your game. This game is recommended for use on grass or sand.

Mind The Elements

Hail, rain, snow, mud, and heat can damage your game. Protect your game from extreme weather and do not play in harsh conditions.
