

Opera® Solo Collection Handset Guide

ATTENTION

To avoid damage, the handset should always be hung up (e.g. on the mattress base or side rail) when not in use.

Press only one button at a time, pressing multiple buttons at one time, may overload and damage the system.

Whilst operating the bed, the rear castors of the bed must be braked to ensure stability during bed adjustments. The Opera Solo Bed should only be moved to reposition the bed.
