

CargoBrite
Powered by Arc Archer

LED lighting for any operation.

In the world of logistics, time is everything. A few extra minutes saved at the dock or in the parking lot could mean a few more packages delivered or miles down the road. CargoBrite helps you meet that expectation. Light where you need it when you need it. With 100% floor coverage, you will be able to find what you need faster, and in a safer workspace.

Benefits

- Improve loading and unloading
 - Integrity
 - Efficiency
- More efficient order picking
- Safer environment for dockworkers and Hilo drivers
 - No heavy back glare that you would get from dock mount lights
- Less damage due to poor visibility
- Better cleaning of the trailer
- Improved inspection for FDA carriers
 - Cleaning and recleaning to pass inspections is costly, with CargoBrite you'll see what you're doing the first time
- Improved label visibility in delivery vans
- Water-resistant against direct spray from power washers
- Shock resistant
- 5500k clean white light
- Kit comes with all parts and wire needed for install
- Fleet costing available

Installation

- Short installation time
 - 30 to 45 minutes on a 53'
 - 20 to 30 on box trucks to 28'
 - 10 minutes for delivery vans
- Minimal tools needed
- 12-volt power low voltage
- 4800 lumens

4 light kit

CargoBrite LED lights where you need them can save you time and money. You don't get paid to sit at a dock or dig through packages. You get paid to deliver. CargoBrite. For a safer and more productive environment.
