## FAQ - Woodstock

### Use

---

#### Which features does the Woodstock offer me?

The Woodstock Frame is a storage frame particularly suitable for storing Firewood. The logs can be neatly stacked and stored within the frame. A combination with the Woodstock Trolley ensures for easy transportation of the firewood by yourself. The Trolley also makes it possible to move an Outdooroven with ease.

### Safety

---

#### What safety hazards does the Woodstock pose?

Despite the design allowing for easy transportation, it requires strength to lift a fully loaded Woodstock Frame. Always keep an eye on small children near the Woodstock.

### Maintenance

---

#### What do I need to pay attention to when maintaining the Woodstock?

The Woodstock is made of zinc plated and powdercoated steel. Make sure to clean it about twice a year with a soft cloth or non-abrasive brush. Use a mild soap solution. Afterwards, rinse with clean water.

#### How important is maintenance to the Woodstock?

To keep the Woodstock looking new, we recommend cleaning it around twice a year.

#### Which cleaning products can I use on the Woodstock?

Lukewarm water or a mild soap solution.

### Weather conditions

---

#### Which weather conditions will the Woodstock withstand?

The powder coated and zinc plated steel of the Woodstock is weatherproof and protected against corrosion for years.

### Material

---

#### What materials does the Woodstock consist of?

Zinc plated and powder coated steel.

#### How much does the Woodstock weigh?

13 kg / 28,7 lbs.

#### Is the Woodstock easy to move?

The practical Trolley ensure the Woodstock is easy to move. The sturdy rubber wheels are made for heavy-duty transport.

### Packaging

---

#### How will the Woodstock be packaged?

The Woodstock is delivered in a flat pack packaging.

#### What packaging materials are used?

Cardboard.

#### What are the dimensions of the packaging?

Woodstock Trolley: 114,5 x 26,5 x 11 cm

Woodstock Frame: 93 x 47 x 4 cm
