

Model: TD100SS

Surface - mounted sanitary napkin disposal receptacle

Finish: Satin finish stainless steel

Serves one toilet compartment

Measures:

- Cover: 7 ¾" wide x 4" depth, with a ½" rim which overhangs the cabinet slightly for easy lifting.
- Cabinet: 7 ½" wide x 9 ¾" high and extends 4" from the mounting surface.
- Overall dimensions: 9 7/8" height x 7 ¾" wide and 4" depth.

Product Materials:

Cover: Flip-top, 22 gauge satin finish stainless steel with sleek curved corners on the front to match the cabinet. The cover is attached with a durable full length stainless steel piano hinge.

Inner rim: 1 inch, Pivoting inner rim, 22 gauge steel, tilts to easily remove and replace the plastic bag waste liner, holds the liner in place.

Cabinet: 22 gauge satin finish stainless steel with sleek curved corners on the front of the cabinet. All welded construction

Mounting: Furnished with 2 pre-drilled mounting holes and standard mounting hardware.

Capacity: 1 Gallon

Operation:

The unit is easy to use, lift the flip-top cover to dispose of waste.

Servicing the unit can be easily achieved by lifting the flip-top cover and tilting the inner rim to remove and replace the liner. The inner rim tilts back into place after fitting the replacement liner on the rim. This holds the liner securely in place inside the unit for a clean, neat appearance and the keeps the liner held open for maximum capacity.

Information on installation:

For partitions with particle-board or other solid core, provide sheet-metal screws or through-bolts, nuts and washers. For hollow core metal partitions, provide solid backing into which sheet metal screws can be secured. If two units are installed back to back, then provide threaded sleeves and machine screws for the full thickness of partition.

For plaster or drywall construction, provide concealed backing to comply with local building codes, then secure unit with sheet-metal screws.

For all other wall surfaces, provide sheet metal screws and fiber plugs or expansion shields or toggle bolts or expansion bolts.
