

**Item #**  
**X24 eXpunge disposable sponge,**  
**24 per case, bulk**

Directions for use: Just wet the expunge, wring out excess water and gently scour off the dirt or stain. No other cleaning chemicals are required. The expunge removes dirt and stain with friction and as it works it disintegrates. Only apply enough pressure to clean the surface. When using the expunge on polished surfaces, soft surfaces like wallpaper or other textured surfaces, or on finished or painted surfaces please test in an inconspicuous place since rubbing too hard could remove the finish or dull the texture. When you have used up the expunge simply discard responsibly in the trash. The expunge can be reused after it has dried out by simply reactivating with water.

**CAUTION: KEEP OUT OF REACH OF CHILDREN AND PETS TO AVOID ACCIDENTAL INGESTION. IF USING ON DISHES RINSE THOROUGHLY. DO NOT USE WITH CHLORINE BLEACH.**

Made in the U.S.A from foreign and domestic
