ESCAPE TO REALITY

Enter the thrilling world of 2-wheel travel and satisfy your restless spirit. Dive into a new adventure every day as you discover KTM's sporty attitude and proven performance credentials aboard this compact new Travel-Enduro machine – the KTM 390 ADVENTURE. With its characteristic LED headlight, iconic ADVENTURE “flyline” and high-end finishing, it has all the features of the big ADVENTURE models. Sporty proportions confirm its READY TO RACE travel credentials. Not just a feast for the eyes, it also promises a highly agile, light-footed and enjoyable riding experience – wherever you take it.

EVERYDAY THRILLING EXPLORATION

The most powerful single cylinder engine in its segment meets versatile ergonomics and innovative technology in a comfortable, lightweight 379 lbs (172 kg) (fully fueled) travel package. Its simple, neutral, yet remarkably sporty handling, provides exceptional feedback and high-speed stability. Whether on gravel roads or narrow forest tracks, it is easy to control, covering considerable distances with swift and nimble ease.

The KTM 390 ADVENTURE delivers a distinctly KTM ride, with crisp agility, instant response and the functionality typical of larger KTMs. It weaves quickly and easily through the urban jungle, and with a narrow, yet comfortable seat, provides a manageable position for riders of all sizes in daily traffic.

ADD MORE TO YOUR ADVENTURE

When every day is a new adventure, you have to be prepared for the unexpected. Get more out of your travel companion and set it up for your unique personal riding needs with KTM PowerParts.

01 AKRAPOVIČ “SLIP-ON LINE”

Lightweight, plug and play slip-on exhaust made from high-grade titanium, saving you around 2.2 lbs of weight and producing that head-turning rally bike sound.

02 SKID PLATE

Optimal engine protection against roost and light impact thanks to high-quality material and workmanship.

03 RADIATOR PROTECTION GRILLE

Grill protection against roost impact that integrates perfectly into the motorcycle design.

04 HANDGUARD KIT

This handguard set is not just visually impressive. Thanks to the special mix of materials, the handguard protects your hands and controls from damage without immediately breaking up. They also give you outstanding weather protection.

05 ROADLOK

Effective theft protection for your motorcycle thanks to patented Roadlok technology. Machined from high-grade aluminum and an orange anodized surface, the component is bolted directly to the brake caliper to prevent vehicle movement when locked.

06 SEAT

An optimized seat that offers enhanced comfort for offroad terrain, a wider knee angle and for better contact with the motorcycle.

07 ERGO SEAT

Suitable for short and long distance trips, the foam core ensures long-lasting comfort and weight distribution. Easy to install and equipped with a durable seat cover.

08 COOL COVERS SEAT COVER

Cooling-focused seat cover with easy installation, that is UV resistant and allows for increased air flow between rider and seat.
