CUSTOM ORDER DESIGNS

Custom design orders are open and start at **\$75 AUD** for 1 piece. A **50%** non-refundable deposit is required before any design work is started.

Prices will change depending on the complexity of the design, weight and any cad re-designs and tweaks.

Custom design turnaround times will depend on the final design's approval and a test 3D print & cast to ensure the design works. Please allow between 3-6 weeks.

If you wish to provide your own design already ready for 3D printing and casting you're more than welcome. We'll make sure to charge you accordingly for the casting work.

Please note, we won't be able to re-create any other manufacturer's designs. Custom orders are for one of a kind custom pieces only. With this, your design will not be resold.

Custom orders of any of our charms not stocked in white gold are priced at \$70 AUD for 1 piece. The approximate time for white gold pieces is 3-4 weeks

BULK QUANTITIES

Ordering in bulk quantities is also welcomed. Bulk quantities will fall under custom orders and will receive discounts based on your volume.

The minimum order for **1 style is 5 pieces**. Bulk quantities are per piece only and cannot be split amongst several designs.
