Our 18 gauge steel powder coated bracket allows the toe kick to swing out with the cabinet door allowing unimpeded access for wheel chairs to sink, counter, desk, or other work areas.

INSTRUCTIONS

1. Just screw the plate to the door using the enclosed screws, the plate has tabs to align it with the bottom of the door.
2. Attach the toe kick material to the plate and adjust fit, plate is adjustable in both left/right and up/down directions.
3. DONE
