

Wireless Apex Locator

Wirele-X, state-of-the-art apex locator system, is the most innovative solution of its kind. Incorporating advanced wireless Bluetooth technology to eliminate the need for long cables.

wireleX
Smart Wireless Apex Locator

Developed by Forumtec, a leader in dental devices for over 30 years, the Wirele-X is the first and only wireless apex locator on the market.

Since 1998, Forumtec has developed, produced and marketed apex locators, both under its own brands and as an OEM. Based on a patented algorithm that is known to deliver total accuracy, the company's technology is embedded in over 35% of the dental devices on the market today.

Wirele-X offers the following features and benefits:

Unique design

wireless, 7" high-resolution touch screen, linked by Bluetooth technology to a mini measuring unit

User friendly

eliminates the need to manage long cables between the apex locator and patient

Clear and simple results presentation

a detailed, informative and diversified user interface allows for easy, convenience operation

Reliable

high accuracy, based on Forumtec's renowned patented measuring algorithm

Environment friendly

the user manual is integrated into the device itself

Simplified measurements procedure

demonstrates scale and numerical values along the root canal and beyond the apical foramen

Long-lasting

powered by an advanced, rechargeable Lithium-Ion battery

BE SMART

Join the ranks of leading dentists who make the most of advanced technology within their daily practice, with the Wirele-X by Forumtec.
