

# AeroPress

**Brew Time:**

4-5 mins

**Servings:**

1-2

**Brewing Equipment:**

• AeroPress

• Paper Filter

• Scale

• Coffee Beans

• Coffee Grinder

• Paddle

• Kettle

• Timer

2.5 tbs.

## Measure & Grind

Grind coffee to a fine grind, similar to table salt.

## Rinse & Pre-heat

Heat water to 202°F. Wet the paper filter in the lid.

## Add Water

Add coffee then slowly add water till brewing chamber is filled. Gently stir.

## Flip & Press

Attach lid to brewing chamber, let sit until 1:05. Rotate AeroPress top down on mug. Press down slowly for 30 seconds.

## Add Water to Taste

Taste the coffee and further add 202° F water if desired.

## Clean & Enjoy

Simply take off the lid, and push out the coffee grounds and filter
