A PRESENTATION OF BUGAIA

A WORLD OF FRAGRANCES

IN FULL CONFIDENCE

Art meets unbridled creativity and an eye for beautiful containers to create a whole new sensory experience.

A WORLD OF FRAGRANCES

A FAMILY AFFAIR

Bugaia® is above all a family affair, an adventure born out of a shared passion for interior decoration and the world of perfume. It tells the story of how my father and I work together to imagine subtle and intense fragrances, each with their own, unique identity.

In addition to our family's passion for perfumery, we can count on the expertise of our perfumer in the French town of Grasse and his team with whom we work hand in hand to make our ideas a reality.

Our aim is to showcase traditional French know-how and transport you to a world where interiors are synonymous with elegance.

So how would we describe the Bugaia® style? Art Deco meets deliciously retro motifs.

BU-GAIA-

Bugaia® focuses on aesthetic appeal without abandoning its ethical commitments, thereby proving that luxury and responsible consumerism can go hand in hand. By calling on traditional French expertise, Bugaia® has chosen to ground its values in excellence, from the design of its containers to the production of their content.

- We have replaced plastic by glass, turning this material into an object of desire;
- Our packaging uses F.S.C-certified paper to reduce its environmental impact;
- Our formulas are composed of natural ingredients as far as possible, but not to the detriment of fragrance diffusion;
- Wax - mainly of natural origin – ensures fragrance is diffused all around the room.

An essential and self-evident ode to the planet, by borrowing her name, Bugaia® pays tribute to Mother Earth in the most beautiful of ways.

A PERFUME IS NOT ELEGANT
BECAUSE IT IS DIFFERENT, BUT
BECAUSE IT IS MEMORABLE.
