

KAMPOS
COSTA SMERALDA

KAMPOS is a sea creature that speaks to all of us who love the sea: woman, man, girl and boy. Swimwear, clothing, accessories, and other embellishing items create unforgettable memories during our seaside stays and help connect us with the sea at all time, even when we are no longer by the sea.

Swimwear to love and to create desire... Made from sustainable and recycled materials including plastic bottles and abandoned fishing nets, our range respect and protect the sea life and therefore our life too.

They become the symbol of a new beginning, a new era... We all feel the need to change our pace but it's everyone's responsibility to do it.

Choose to mix joy with respect. Choose to dive in a clear water, becoming more and more crystalline, more and more blue as we choose integrity.
