MARINE ESSENCE® BIOSCIENCES

About Us

Marine Essence Biosciences is a high-tech company specializing in research and development of marine biotechnology. Through cutting-edge scientific innovations, ME-Bio harvests from unaltered marine ecosystems providing more advanced, safer and higher quality active ingredients, healthcare products and medical devices.

Marine biotechnology research has the ability to contribute to breakthroughs in the processing of high-value products, as well as widens the capabilities of marine resources and increases biodiversity understanding. After years of research and development supported by partnerships with renowned scientists, academics and researchers from top universities and institutes around the world, ME-Bio has completed various frontline technologies oriented to explore the potential of echinoderms as unique source of marine biotechnology products.

Besides being a cGMP manufacturer, Marine Essence Biosciences also commits to quality through the continuous improvement process required by our internationally recognized ISO 9001 Quality System registration and ISO 22716 Good Manufacturing Practices for Cosmetics.

ME-Bio Chronology

June 2005

Prior to establishing Marine Essence Biosciences (ME-Bio), the company's investors began their journey searching for collagen materials and raw materials along with research institutes and experienced researchers related to marine organisms.

Early 2010

We started collecting the DNA and RNA extracted from the seabed of French Tahiti, Quebec, Canada, etc. After approximately five years of data gathering, the investors successfully completed the DNA and RNA database of sea echinoderms by the end of 2015 and early 2016, respectively.

2017

Marine Essence Biosciences was then founded. Based on the echinoderms' DNA and RNA databases, the researchers began their trial production of MCT collagen extracted from sea echinoderms for skin regeneration.

2018

ME-Bio inaugurated Marine Essence Biosciences Corporation of USA warehouse at Chino, CA. It is a biotech-focus facility equipped with state-of-the-art scientific instrumentations and automated production machines that supports R&D and pilot production of raw materials, medical devices, cosmetics, and supplement.

2019

ME-Bio completed the R&D and scaling-up projects for the manufacturing of echinoderm collagen-based luxury cosmetic line. ME-Bio also completed the submission of the trademark application to the USPTO on its luxury cosmetic mark name.

2020

ME-Bio's luxury cosmetic line and supplement based on echinoderm collagen was launched. FDA Facility Establishment for medical device (manufacturer/importer) Identification number assigned. ISO 9001: 2015 & ISO 22716: 2007 Certified. Marine Essence Trademark Approved INCI Name Accepted: Soluble Collagen Application No. 5-02-2020-10457

Contents

Raw Material Product Line

12 - 16

- Seallagen Type-I Collagen (Biomedical Grade)
- Seallagen MCT (Technical Grade)
- Collagen Apple Stem Cell Serum Raw Material
- Dark Spot Corrector Base Cream
- Collagen Skin Corrector Base Cream

Cosmetics Product Line

17 - 23

- Dark Spot Corrector
- Collagen Skin Corrector
- Collagen Infused Hydrating Mask
- Nourishing Eye Cream
- Collagen Apple Stem Cell Serum
- Stretchmark Minimizing Cream
- Eyelid Recovery Cream

Supplement Product Line

24 - 25

- SeaGenics Prostate Peptide
- SeaGenics Sea Cucumber Extract

Medical Devices and OTC Product Line

26 - 27

- Biomare Guided Tissue Regeneration Device
- Biomare-Nano

Our Mission

To dedicate ourselves to improving human wellness through our effort in discovering and developing innovative marine biotechnologies.

Our Vision

To become a world-leading company in healthcare and biomedical technology.

Our Technologies

Echinoderms are one of the most abundant multi-cellular animals in the marine world. They possess a unique connective tissue (Mutable Collagenous Tissue, MCT) that can be used as an innovative source of collagen. They additionally produce other by-products with special properties that open the door to a variety of applications.

Through our strategic scientific partnerships, ME-Bio has completed several successful R&D projects, including production of high-purity echinoderm-derived collagen, a collagen-based cosmetic line for scar management and facial rejuvenation, echinoderm-based immune support and prostate health supplements, and a wound management medical device, among others. Some of them are ready to be manufactured on an industrial scale. The products have been submitted to rigorous quality control assays and are strictly in accordance with international standards to ensure consumer safety.

Marine Essence Bioscience Technologies

- **Natural and pollution-free marine biological materials**

Echinoderms are one of the most abundant multi-cellular animals in the marine world. They possess the unique connective tissues (Mutable Collagenous Tissue, MCT) that can be used as an innovative source of collagen to develop barrier-membranes for Guided Tissue Regeneration (GTR).

- **Cutting-edge collagen extraction technology**

A large number of biotechnology experts from Marine Essence have developed a set of cutting-edge extraction technologies to obtain biological properties such as excellent biodegradability and weak antigenicity of raw materials. Marine Essence leads the industry in purity and quality.

- **Diversified and large-scale use of natural resources**

Marine Essence has completed various front-line technologies that include the production of high-purity echinoderm-derived soluble collagen, wound management medical devices, scar treatment cream, natural prostate supplement, and immune support supplement, among others, some of which are ready to be manufactured on an industrial scale. The products have been submitted to rigorous quality control assays and are strictly in accordance with international standards to ensure consumer safety.

Purest Sea Cucumber Collagen

Seallagen Type-I Collagen (Biomedical Grade)

Ingredients List (Powder): Echinoderm collagen type-I lyophilized powder.

Ingredients List (Solution): Echinoderm collagen type-I, hydrochloric acid (0.01 M).

Seallagen MCT (Technical Grade)

Ingredients List (Powder): Echinoderm mutable collagenous tissue (collagen and glycosaminoglycans) lyophilized powder.

Ingredients List (Solution): Echinoderm mutable collagenous tissue (collagen and glycosaminoglycans), hydrochloric acid (0.01 M).

Identity Statement:

Mutable Collagenous Tissue (MCT) is a unique natural extracellular matrix composed of collagen and glycosaminoglycans, the major components of neodermis. Seallagen MCT unique composition provides a suitable environment for cell attachment, proliferation and differentiation, becoming the most reliable matrix for 2D and 3D cell culture experiments.

Identity Statement:

Seallagen provides most native-like collagen available as of today. Microstructure of collagen type-I extracted from echinoderms bears resemblance to the connective tissues of humans. Seallagen shows outstanding properties for applications in biomedical research due to its improved biocompatibility and safety, creating the optimal environment for new collagen biosynthesis and promoting integrin binding.

**Identity Statement:**

A skincare product that promotes a brighter and more hydrated skin complexion for a more luminous and youthful look.

The product image shown is for illustration purpose only and may not be an exact representation of the product.

Collagen Apple Stem Cell Serum Raw Material

Ingredients List: Aloe barbadensis (aloe vera) leaf juice, carbomer, xanthan gum, malus domestica fruit cell culture (apple stem cell) extract, acetyl hexapeptide-8, palmitoyl oligopeptide, palmitoyl tetrapeptide-7, phenoxyethanol, potassium sorbate, tetrasodium EDTA, pantothenic acid (vitamin B5), pyridoxine (vitamin B6), coenzyme Q10, alpha lipoic acid, thiamine (vitamin B1), riboflavin (vitamin B2), vitamin C ester, soluble collagen, tocopherol (vitamin E), cobalamin (vitamin B12).

Dark Spot Corrector Base Cream

Ingredients List: Water, aloe barbadensis (aloe vera) leaf juice, cocos nucifera (coconut) oil, prunus armeniaca (apricot) kernel oil, glycerin, cetyl alcohol, stearyl alcohol, polysorbate 60, stearic acid, tocopherol (vitamin E), helianthus annuus (sunflower) seed oil, phenoxyethanol, glycolic acid, tartaric acid, malic acid, butyrospermum parkii (shea butter), mangifera indica (mango) seed butter, saccharum officinarum (sugar cane) extract, vaccinium myrtillus (bilberry) fruit extract, acer saccharum (sugar maple) extract, citrus aurantium sinensis (orange) peel extract, citrus medica limonum (lemon) peel extract, vaccinium macrocarpon (cranberry) fruit extract, fucus vesiculosus (seaweed) extract, camellia sinensis (green tea) leaf extract, salix alba (white willow) bark extract, alcohol, melia azadirachta (neem) seed oil, rosmarinus officinalis (rosemary) leaf extract, xanthan gum, soluble collagen, tetrasodium glutamate diacetate.

Identity Statement:

Made from marine sources from the unpolluted ocean, this enriched cream encourages brighter skin for a more balanced complexion.

The product image shown is for illustration purpose only and may not be an exact representation of the product.

Collagen Skin Corrector Base Cream

Ingredients List: Water, aloe barbadensis (aloe vera) leaf juice, cocos nucifera (coconut) oil, prunus armeniaca (apricot) kernel oil, glycerin, cetyl alcohol, stearyl alcohol, polysorbate 60, stearic acid, tocopherol (vitamin E), helianthus annuus (sunflower) seed oil, phenoxyethanol, glycolic acid, tartaric acid, malic acid, butyrospermum parkii (shea butter), mangifera indica (mango) seed butter, saccharum officinarum (sugar cane) extract, vaccinium myrtillus (bilberry) fruit extract, acer saccharum (sugar maple) extract, citrus aurantium sinensis (orange) peel extract, citrus medica limonum (lemon) peel extract, vaccinium macrocarpon (cranberry) fruit extract, fucus vesiculosus (seaweed) extract, camellia sinensis (green tea) leaf extract, salix alba (white willow) bark extract, alcohol, melia azadirachta (neem) seed oil, rosmarinus officinalis (rosemary) leaf extract, xanthan gum, soluble collagen, astaxanthin, tetrasodium glutamate diacetate.

Identity Statement:

Made from marine sources from the unpolluted ocean, this enriched cream intensely hydrates the skin to create a softer and smoother look.

The product image shown is for illustration purpose only and may not be an exact representation of the product.

Dark Spot Corrector

1 fl oz / 30mL

Ingredients List: Water, aloe barbadensis (aloe vera) leaf juice, cocos nucifera (coconut) oil, prunus armeniaca (apricot) kernel oil, glycerin, cetyl alcohol, stearyl alcohol, polysorbate 60, stearic acid, tocopherol (vitamin E), helianthus annuus (sunflower) seed oil, phenoxyethanol, glycolic acid, tartaric acid, malic acid, butyrospermum parkii (shea butter), mangifera indica (mango) seed butter, saccharum officinarum (sugar cane) extract, vaccinium myrtillus (bilberry) fruit extract, acer saccharum (sugar maple) extract, citrus aurantium sinensis (orange) peel extract, citrus medica limonum (lemon) peel extract, vaccinium macrocarpon (cranberry) fruit extract, fucus vesiculosus (seaweed) extract, camellia sinensis (green tea) leaf extract, salix alba (white willow) bark extract, alcohol, melia azadirachta (neem) seed oil, rosmarinus officinalis (rosemary) leaf extract, xanthan gum, soluble collagen, tetrasodium glutamate diacetate.

Identity Statement:

Made from marine sources from the unpolluted ocean, this enriched cream encourages brighter skin for a more balanced complexion.

Direction for Use:

Apply an appropriate amount of Dark Spot Corrector twice a day to the desired area and gently massage the region.

The product image shown is for illustration purpose only and may not be an exact representation of the product.

FDA Certificate ID: CZVW-56GW
Eurofins Labs Report ID: AR-19-QR-021529-01

FDA Certificate ID: XNUS-94BV

Eurofins Labs Report ID: AR-19-QR-021528-01

Collagen Skin Corrector

0.5 fl oz / 15mL

Ingredients List: Water, aloe barbadensis (aloe vera) leaf Juice, cocos nucifera (coconut) oil, prunus armeniaca (apricot) kernel oil, glycerin, cetyl alcohol, stearyl alcohol, polysorbate 60, stearic acid, tocopherol (vitamin E), helianthus annuus (sunflower) seed oil, phenoxyethanol, glycolic acid, tartaric acid, malic acid, butyrospermum parkii (shea butter), mangifera indica (mango) seed butter, saccharum officinarum (sugar cane) extract, vaccinium myrtillus (bilberry) fruit extract, acer saccharum (sugar maple) extract, citrus aurantium sinensis (orange) peel extract, citrus medica limonum (lemon) peel extract, vaccinium macrocarpon (cranberry) fruit extract, fucus vesiculosus (seaweed) extract, camellia sinensis (green tea) leaf extract, salix alba (white willow) bark extract, alcohol, melia azadirachta (neem) seed oil, rosmarinus officinalis (rosemary) leaf extract, xanthan gum, soluble collagen, astaxanthin, tetrasodium glutamate diacetate.

Collagen Infused Hydrating Mask

5 Masks / 1 Box

1 Mask x 0.57 fl oz / 17mL

Ingredients List: Aloe barbadensis (aloe vera) leaf juice, carbomer, xanthan gum, dimethicone, dimethiconol, malus domestica fruit cell culture (apple stem cell) extract, acetyl hexapeptide-8, palmitoyl oligopeptide, palmitoyl tetrapeptide-7, phenoxyethanol, potassium sorbate, tetrasodium EDTA, soluble collagen, pantothenic acid (vitamin B5), pyridoxine (vitamin B6), coenzyme Q10, alpha lipoic acid, thiamine (vitamin B1), riboflavin (vitamin B2), vitamin C ester, tocopherol (vitamin E), cobalamin (vitamin B12).

FDA Certificate ID: VF96-TDW3

Identity Statement:

Infused with highly purified marine soluble collagen, it instantly moisturizes and improves skin appearance. The sheet mask is comforting on contact with any skin type, leaving the skin more radiant and luminous.

Direction for Use:

Unfold mask and apply to cleansed face. Avoid direct contact with eyes. Rest with the mask on for 10 to 15 minutes, then remove and discard. Massage residual treatment gently into skin.

FDA Certificate ID: 99YW-BEJX

Nourishing Eye Cream

0.5 fl oz / 15mL

Ingredients List: Aloe barbadensis (aloe vera) leaf juice, vegetable glycerin, cetostearyl alcohol, ethoxylated sorbitan ester, cocos nucifera (coconut) oil, glycine soja (soybean) oil, stearic acid, isopropyl myristate, santalum spicatum (sandalwood) oil, lavandula angustifolia (lavender) oil, commiphora myrrha (myrrh) oil, cocos nucifera (coconut) distillate, hyaluronic acid, phenoxyethanol, potassium sorbate, tetrasodium EDTA, soluble collagen, pantothenic acid (vitamin B5), pyridoxine (vitamin B6), coenzyme Q10, alpha lipoic acid, thiamine (vitamin B1), riboflavin (vitamin B2), vitamin C ester, tocopherol (vitamin E), cobalamin (vitamin B12)

Collagen Apple Stem Cell Serum

1 fl oz / 30mL
1.69 fl oz / 50mL

Ingredients List: Aloe barbadensis (aloe vera) leaf juice, carbomer, xanthan gum, malus domestica fruit cell culture (apple stem cell) extract, acetyl hexapeptide-8, palmitoyl oligopeptide, palmitoyl tetrapeptide-7, phenoxyethanol, potassium sorbate, tetrasodium EDTA, pantothenic acid (vitamin B5), pyridoxine (vitamin B6), coenzyme Q10, alpha lipoic acid, thiamine (vitamin B1), riboflavin (vitamin B2), vitamin C ester, soluble collagen, tocopherol (vitamin E), cobalamin (vitamin B12).

FDA Certificate ID: HU4P-NYCQ
Eurofins Labs Report ID: AR-19-QR-024697-01

Identity Statement:

A skincare product that promotes a brighter and more hydrated skin complexion for a more luminous and youthful look.

Direction for Use:

Apply a thin layer of the serum to cleansed skin. Massage in with a circular motion.

This product will be released for sale after FDA review and authorization.

Identity Statement:

A skincare product that hydrates and moisturizes the skin, giving the skin a smoother and more toned appearance.

Direction for Use:

Apply a thin layer of cream onto the desired area after cleansing. Gently massage in a circular motion until the cream is absorbed into skin.

The product image shown is for illustration purpose only and may not be an exact representation of the product.

Stretchmark Minimizing Cream

1.69 fl oz / 50mL

Ingredients List: Water, aloe barbadensis (aloe vera) leaf juice, cocos nucifera (coconut) oil, prunus armeniaca (apricot) kernel oil, glycerin, cetyl alcohol, stearyl alcohol, polysorbate 60, stearic acid, tocopherol (vitamin E), helianthus annuus (sunflower) seed oil, phenoxyethanol, glycolic acid, tartaric acid, malic acid, butyrospermum parkii (shea butter), mangifera indica (mango) seed butter, saccharum officinarum (sugar cane) extract, vaccinium myrtillus (bilberry) fruit extract, acer saccharum (sugar maple) extract, citrus medica limonum (lemon) peel extract, vaccinium macrocarpon (cranberry) fruit extract, camellia sinensis (green tea) leaf extract, salix alba (white willow) bark extract, alcohol, melia azadirachta (neem) seed oil, xanthan gum, soluble collagen, royal jelly, tetrasodium glutamate diacetate.

Eyelid Recovery Cream

0.34 fl oz / 10mL

Ingredients List: Aloe barbadensis (aloe vera) leaf juice, organic coconut oil (cocos nucifera), organic alcohol, cetearyl olivate, sorbitan olivate, cetyl palmitate, sorbitan palmitate, organic olive fruit oil (olea europaea), stearic acid, organic green tea leaf extract (camellia sinensis), pomegranate seed extract (punica granatum), xanthan gum, soluble collagen, ascorbic acid, tocopheryl acetate, royal Jelly, astaxanthin.

Identity Statement:

Marine Essence Eyelid Recovery Cream contains highly purified soluble collagen (ME-Bio MCT). Blended with other active ingredients, this cream hydrates and soothes skin to create a visibly supple texture around the eyes, encouraging less redness and promoting an even skin tone around the eye area.

Direction for Use:

Apply a small amount across the upper eye area twice daily.

The product image shown is for illustration purpose only and may not be an exact representation of the product.

This product will be released for sale after FDA review and authorization.

This product will be released for sale after FDA review and authorization.

Prostate Peptide

Ingredients List: Echinoderm marine peptide extract, vitamin C, zinc citrate, magnesium stearate, wild american ginseng.

Sea Cucumber Extract

30 capsules/bottle

Ingredients List: Echinoderm collagen extract(Type-I), vitamin C, zinc citrate, magnesium stearate, american ginseng root powder, hypromellose (veggie capsule), cellulose, silicon dioxide.

FDA Certificate ID: 5RBX-GWCS
Eurofins Labs Report ID: AR-19-QR-026877-01

Identity Statement:

Sea Cucumber Extract contains highly bioabsorbable collagen derived from echinoderms and isolated by advanced extraction technologies. It not only increases skin hydration, but also promotes hair and nail growth, support immunity and encourage a better night's rest.

Direction for Use:

Take one capsule 20-30 mins after breakfast with water. Do not exceed one per day. Consult your doctor before using this product if you are taking medications, having any medical condition, or planning any surgery.

This product will be released for sale after FDA review and authorization.

Biomare Guided Tissue Regeneration Device

Ingredients List: Echinoderm collagen and glycosaminoglycans.

Biomare-Nano

Ingredients List: MCT collagen, zein, herbal extracts (Radix Rehmanniae, Herba Agrimoniae, and Pollen Typhae).

This product will be released for sale after FDA review and authorization.

Identity Statement:

Biomare-Nano is intended for the management of conditions associated with diabetes, such as chronic and long-healing wounds. Biomare-Nano combines the well-known regenerative properties of echinoderm collagen, promoting fast wound healing and new tissue growth, with those of standardized herbal extracts providing a synergistic environment of antimicrobial agents and nutrients for a proper managing of wound infection.

Identity Statement:

Biomare GTR Device is intended for the management of wounds including: partial and full-thickness wounds, pressure ulcers, venous ulcers, diabetic ulcers, chronic vascular ulcers, tunneled/undermined wounds, surgical wounds (donor sites/grafts, post-Mohs surgery, post-laser surgery, podiatric, wound dehiscence), trauma wounds (abrasions, lacerations, second-degree burns, skin tears), and draining wounds.

Marine Resources

Thelenota Ananas

TAHITI, FRENCH POLYNESIA

Cucumaria Frondosa

QUEBEC, CANADA

As the "Queen of the Pacific," Tahiti is engulfed with marine life such as sea cucumbers. Sea cucumbers being a vital part of the livelihood of Tahiti, we have been working with the local community every year to return young sea cucumbers to their habitat for further growth. It is our responsibility to maintain a sustainable environment.

Quebec has strict laws regarding environmental conservation. Canada is proactive in regulating oceans and marine resource management. It encourages its communities to understand the oceans and use marine resources sustainably, promoting a precautionary approach towards conservation. They are all about preserving the marine environment and so are we.

Authority - Statutes and Regulations: 16 USC 1538(d); 50 CFR 13; 50 CFR 14

Location where authorized activity may be conducted: Any Designated Port per 50 CFR 14 (unless further restricted below).

Reporting Requirements: Licensee is required to maintain records per 50 CFR 13 and 14. Acceptance of this license authorizes inspection of records per 50 CFR 13.

Conditions and Authorizations:

- A. General conditions set out in Subpart D of 50 CFR 13, and specific conditions contained in federal regulations cited above, are hereby made a part of this permit. All activities authorized herein must be carried out in accord with and for the purposes described in the application submitted. Continued validity, or renewal, of this permit is subject to complete and timely compliance with all applicable conditions, including the filing of all required information and reports.
- B. The validity of this permit is also conditioned upon strict observance of all applicable foreign, state, local, tribal, or other federal law.
- C. Valid for use by **permittee** named above.
- D. Licensee is responsible for requesting renewal of license at least 30 days prior to the expiration date as outlined in 50 CFR 13. Service Law Enforcement Officers will not clear shipments presented for import or export under expired licenses.
- E. Licensee is authorized to import/export wildlife and/or wildlife products at the port(s) specified above.
- F. Licensee must comply with all import/export procedures as outlined in 50 CFR 14.

ISSUE NOTIFICATION

The projected patent number and issue date are specified above.

Determination of Patent Term Adjustment under 35 U.S.C. 154 (b)
(application filed on or after May 29, 2000)

The Patent Term Adjustment is 89 day(s). Any patent to issue from the above-identified application will include an indication of the adjustment on the front page.

If a Continued Prosecution Application (CPA) was filed in the above-identified application, the filing date that determines Patent Term Adjustment is the filing date of the most recent CPA.

Applicant will be able to obtain more detailed information by accessing the Patent Application Information Retrieval (PAIR) WEB site (<http://pair.uspto.gov>).

Any questions regarding the Patent Term Extension or Adjustment determination should be directed to the Office of Patent Legal Administration at (571)-272-7702. Questions relating to issue and publication fee payments should be directed to the Application Assistance Unit (AAU) of the Office of Data Management (ODM) at (571)-272-4200.

APPLICANT(s) (Please see PAIR WEB site <http://pair.uspto.gov> for additional applicants):

Danny Qiu, Chino Hills, CA;
Marine Essence Biosciences Corporation of USA, Chino, CA;
Sergio Madrigal Carballo, Madison, WI;

The United States represents the largest, most dynamic marketplace in the world and is an unparalleled location for business investment, innovation, and commercialization of new technologies. The USA offers tremendous resources and advantages for those who invest and manufacture goods here. Through SelectUSA, our nation works to encourage and facilitate business investment. To learn more about why the USA is the best country in the world to develop technology, manufacture products, and grow your business, visit SelectUSA.gov.
