

BENTOP WHITE GREASE

Description

Bentop White Grease is manufactured from synthesized base stock, refined mineral oil, antioxidants – thickened with modified bentonite and re-inforced by the addition of highly purified micronised white lubricating powder.

Bentop White Grease is high performance lubricant, non-toxic, recommended for bearings in food and beverage industry, pharmaceutical industry, textile machines, paper processing equipments and where cleanliness is of paramount importance.

Operational Benefits

- * Extends re-lubrication period
- * Provide adequate cleanliness – non-toxic
- * Inhibit oxidation thus ensuring protection against corrosion
- * Non-staining of hands or clothes

Technical Data

<u>Characteristic</u>	<u>Value</u>
Color	White
Worked Penetration at 25 °C	220 (ASTM D-5)
Drop Point, °C	Over 200
Service Temperature, °C	10 to 135

Must not be mixed with conventional soap based greases
