With its exceptionally long body, Alessi's "Todo" Grater can grate enough cheese for each portion in a single stroke.

---

## Breakfast

---

Alessi's first set of bar service products and accessories was launched in 1956. This early set, specially conceived for the hotel sector, was followed by other series that soon became must-haves in food service and hospitality facilities in every continent.

Teapots, Coffeepots, Jugs and Pitchers, Trays and Accessories are designed to complement buffet breakfast setups and room service trays with elegance and make service impeccable in any situation.

---

---

Relaxation & design. Room service articles add value to hospitality rites, making room service a pleasant surprise, again and again.

---

A meeting room, a conference room, an office or a showroom personalised with Alessi objects, gives the guests the pleasure of a refined welcome and makes any workday special.

With its thick pleats reminiscent of a haute couture dress, the "Plissé" Electric Kettle is so attractive it should always be left in full sight.

---
