

THE FLYING WINEMAKER

2019 Cabernet Sauvignon

Tasting Notes:

The allure of eucalyptus is ever-present and inviting coupled with dark blackberries, plum, violet florals and liquorice. The palate has a pronounced intensity with clean, fresh acidity and fine-grained tannins. Beautifully balanced and structured with good fruit persistence that is bright and cheerful and carries some depth.

Wine Information:

Region: Margaret River, Australia
Varietal: 100% Cabernet Sauvignon
Alcohol: 14 %

Winemaking/Production:

Our grapes were harvested by machine, crushed and destemmed, then immediately inoculated with cultured yeast. The must is fermented in a large stainless-steel vessel, which is regularly pumped over two to three times daily to ensure that we are extracting the best of colour, flavour and tannins. Once the alcohol has been successfully produced we then transfer this must into a press whereby we further extract more flavour, colour and tannin. Once the pressing has completed, the clean wine is transferred back into vessels for further maturation and malolactic fermentation. The wine is matured in French Oak for 12 months.

Winemaker's Notes:

"Designed to be a classic expression and very approachable. We want the drinker to enjoy the best of what Margaret River offers in terms of flavours and varietal definition. Delivering notes of blueberries, violets, plums, and spices, this is what one should consistently expect from this wine."

"Our key to the success of this range is simplicity and honesty. We're not trying to reinvent the wheel, we're sticking with what works to make this wine taste awesome." - Eddie McDougall
