

# PlanBee Art Assessment : African Art : KS1

## African Art

Group:

Year:

Term:

Lesson 1	Can children create repeating patterns?																	
	Can children use different shapes and colours in their patterns?																	
	Explain what a pattern is and describe the colours and shapes in a pattern.																	
Lesson 2	Can children use craft materials to design their own jewellery?																	
	Know that jewellery is made with different patterns and colour combinations.																	
	Do children understand that art includes dance and music?																	
Lesson 3	Can children design and decorate their own mask?																	
	Can children use an image to guide their own art work?																	
	Understand adding artistic features to masks makes them look more elaborate.																	
Lesson 4	Can children use paint to create a layered background?																	
	Can children make black silhouettes?																	
	Can children create a landscape from scratch?																	
Lesson 5	Can children use different materials to make a useful object?																	
	Can children use their fine motor skills to wrap and hold string to a bottle?																	
	Can children recognise African colours and patterns and use them in their art work?
