

# DT Assessment Grid : Moving Pictures : Year 1

Moving Pictures																				
DT																				
Lesson 1	Can children identify the direction of movement in a sliding mechanism?																			
	Can children investigate different ways of making sliders?																			
	Can children evaluate their work and identify areas for future development?																			
Lesson 2	Do children understand the terms 'lever' and 'pivot'?																			
	Can children combine and join materials to make lever mechanisms?																			
	Can children generate ideas for different ways of using lever mechanisms in moving pictures?																			
Lesson 3	Can children describe what a pivot is?																			
	Can children cut out and join components to create a wheel mechanism?																			
	Can children evaluate their work and identify areas for future development?																			
Lesson 4	Can children discuss ideas for how they could incorporate moving mechanisms into pictures?																			
	Can children draw on previous experience of moving mechanisms to design a moving picture?																			
	Can children convey in pictures and words how they will create their moving picture?																			
Lesson 5	Can children follow a design to create a picture with a moving mechanism?																			
	Can children work safely with a variety of tools and materials to create a moving mechanism?																			
	Can children identify ways in which they can improve their finished products?																			
Lesson 6	Can children evaluate their own moving pictures and say what they think and feel about them?																			
	Can children identify what they have done well and suggest how they could make improvements?																			
	Can children give their opinion about the work of other children and give positive feedback?
