

Wine Notes

Campos Family Vineyards has been creating exceptional wines that capture the best characteristics of Contra Costa County for more than ten years. Our vineyard's premiere location by the California Delta produces rustic, earthy, and leathery styles of red wine. We prioritize quality and attention to detail - and our wines reflect that.

Like a family, a vineyard is at its best when firmly rooted, well-tended, and blended with love. With all of the charm of Napa tucked away close to home, Campos Family Vineyards is a hidden gem. Enjoy the splendor of our unique destination with 44 acres of striking landscape and glorious sunsets.

We believe in the power of wine to bring families and communities together to create lifelong memories. We're honored to be part of your story.

ABOUT THE WINE

Our 2019 Gigi's Blend is a Barbera-heavy, premium red wine. Notes of black cherry, vanilla, and oak are on the nose, combined with classic Barbera notes of allspice and cedar that culminate in a soft, sweet tannin finish. Full of texture and intensity, it's no wonder this fruit-forward red is considered our flagship wine.

Although traditionally made in Italy, we found a way to bring the magic of Barbera to Contra Costa County with our most phenomenal vintage yet. Despite its bold, deep color, this is a juicy, easily-drinkable red that is meant to be shared.

BEHIND THE NAME

The textured label on the bottle was created by Ric and Michelle Campos' granddaughter, Gianna, who has Asperger's. She named the design "Twisty" as a visual representation of how her brain works. "From the moment she was born, we knew she had a special purpose in life," says Ric and Michelle Campos, owners of Campos Family Vineyards. "Truly, she's God's gift."

A portion of the proceeds from the sale of Gigi's Blend will be donated to The Temple Grandin & Eustacia Cutler Autism Fund.

PAIRING

Enjoy with bruschetta, penne alla vodka, and hearty laughs with good friends. This wine tastes incredible at room temperature or chilled (we don't judge).
