When we see the weather reaches **80°F**, heat sensitive shipping applies. We will charge **\$10 per ice box** to cover some of the cost to protect your delicious snacks.

If your ship point is **1-2 days**, your heat sensitive orders will only ship UPS Ground on Monday, Tuesday, or Wednesday to ensure they don't melt over the weekend. Many UPS warehouses are not cooled so we cannot take the risk.

If your ship point is **3 days**, we will ship your order **Monday or Tuesday**. If your orders are large enough for a pallet or a refrigerated truck, we will contact you about minimum order requirements and lead time.

Please plan for longer lead times on these products during warm weather months!

You will be notified if your order requires expedited shipping prior to it being sent out.
