GRATEFUL

Hello Friends,

In-Room Plus is excited to announce our new & improved eco-friendly minibar and amenity packaging! Our catalog features beautiful packaging options that range from plastic free, home & industrial compostable, FSC certified, recycled, recyclable, eco-friendly inks & adhesives. We encourage you to explore these options and elevate your guests' experience through sustainable innovation.

We continue to be honored & humbled by our partnerships with you; thank you for trusting us! As a second-generation women owned business, every order you place means so much. We are an eclectic team of hard-working people delivering the quality and consistency you expect. Our nuts are roasted fresh each week, our products are packed by hand and these curated selections are guaranteed to impress.

It's been years since we increased prices. I am willing to bet we are one of the few vendors that have waited that long, hoping for stabilization. What we can tell you is that, we continue to work with shipping partners to pass along big discounts to you. We have invested in holding a larger inventory to offset big price increases and we are constantly working with our vendor partners to achieve the best products and the best prices. You will find that some prices have decreased too!

This catalog gives you the widest selection we have ever offered. We hope you feel connected to the offerings and will allow our team to customize products for your amazing brand. Please call or email us when you are ready to create an incredible offering for your guests!

With Gratitude,
Elizabeth and the In-Room Plus Dream Team
