(SHOWN ON NEXT PAGE)

SFI® Certified Boxes

Choose from Silver Tent or Flat Top,
Kraft, Black, Leather or White

Box Standards and Certifications:
SFI® Fiber Sourcing and Chain of Custody Standards

Paperboard material sourced from certified chain of custody and non-controversial sources.

Cartons use recoverable, biodegradable and/or compostable paperboard in all folding carton products.

Printed using eco-friendly inks

Cello Bag Standards and Certifications:
Meet composting standards for both industrial and home composting environments.

The compostable films used to produce cello bags are made from FSC-certified wood cellulose fibers, sourced using sustainable forestry principles.

The compostable cellophane bags are vegan and non-GMO. They do not contain harmful chemicals such as bisphenol (including BPA and over a dozen other derivatives), fluorinated chemicals like PFAS, or phthalates.

Labels are 100% recycled
Made from 100% post consumer waste (PCW)

“ We have had nothing but quick, reliable, and overall amazing service from the In-Room Plus Team. This company was a great find and the high quality products have been a huge hit amongst the Club!

Tori, Food & Beverage Director

“ You run your company beautifully. Really above any other vendor we have worked with. We appreciate you!

Teddie, Food & Beverage Manager

“ Working with the team at In-Room Plus is always a pleasure. Great customer service and reliable, quality products. They are a wonderful vendor partner to have.

Antonio, Director of Food & Beverage NYC

“ I received recognition from the higher ups today about how minibar was handled. Thank you so much for making me look so good! You have amazing product and business acumen.

Alyssa, OS&E Team Nashville
