VersaDrive® Drillsink & ImpactaTap Combi Set

MA24-328020-SET1

Speed up drilling, tapping and countersinking connection holes in metal.

The VersaDrive Drillsink is an innovative combined drilling & countersinking tool to save metalworkers time & increase hole accuracy by drilling & then countersinking fixing holes in one operation.

VersaDrive® ImpactaTaps are the first range of taps that are suitable to be driven by impact wrenches and impact drivers, providing at least 15x faster performance than tapping by hand.

Contents:

3 x VersaDrive® Drillsinks
6.8, 8.5, 10.2mm

3 x VersaDrive® ImpactaTaps
M8, M10, M12

Supplied in a Small InsertFoam
Fits STAKIT ETOP2 or ETOP4 top cases (available separately)

Trade Price
£271

Offer Price
£190

Offers valid until August 31st. Subject to VAT at standard rate. Subject to Holemaker Technology standard terms & conditions.

STAKIT ETOP2 Impact Drilling Kit

MA24-ETOP2-DRILL

Speed up creating or enlarging holes onsite or in the workshop and reduce kickback related injuries with the VersaDrive® ETOP2 Impact Drilling Kit.

Supplied in a lightweight, protective **STAKIT** Half case the Impact Drilling Kit contains tooling to quickly and safely drill new holes from 4 - 30mm diameter in all types of structural steel or expand existing holes using high-power, cordless impact wrenches.

Contents:

5 x VersaDrive® TurboTip Impact Drill Bits
6, 8, 10, 12, 14mm

2 x VersaDrive® Impact Step Drills
22 & 30mm

2 x VersaDrive® ImpactaStep Cutters
22 & 26mm

1 x VersaDrive® Rapid-Lock 1/2" Impact Wrench Adapter

1 x **STAKIT** ETOP2 Half Top Case

INCLUDES
VersaDrive® Rapid-Lock
1/2" Impact Wrench Adapter
