It's colour time

INTRODUCING THREE NEW POETIC NUANCES

This year, we'd like you to meet Ruby, Acacia, and Clay – the three new members of our colour palette, created in close collaboration with colour expert Margrethe Odgaard and designed to blend seamlessly with the rest of the family.

Our three newcomers all bring a gentle, optimistic warmth to the room. Calm and comforting colours but with a deep and nuanced construction that makes them feel vibrantly alive as they play with the sunlight and change throughout the day.

Let's create playful spaces – with Ruby, Acacia, and Clay.

“Since 2019, we have become very familiar with the colour palette, and now we are ready to launch three new deep and poetic nuances to complement the rest of the family.”

Margrethe Odgaard

Precision, creativity, and quality

The close collaboration between Montana and colour expert Margrethe Odgaard started in 2018 and was a careful and lengthy process to make sure every colour had just the right nuance, and reflected the precision, creativity, and quality of Montana.

Margrethe was given almost free rein to use her expertise, know-how, and creative skills to create a series of beautifully poetic colours. Deep, nuanced, and rich colours. Always changing with the light and interacting with their surroundings.

Back then, a few positions were left open in the palette, so additional colours could be added when the time was right. That time is now.

Meet *Ruby*

SURFACE: MATT MICRO STRUCTURE

Ruby is a vibrant, sweet summer romance.

Lush berries, blooming wildflowers, and sweet, white chocolate. Young, wild, and pink on one side, calm, experienced, and harmonious on the other.

Ruby balances the sweet and the sour. Always shining bright, but never dominating. A vibrant colour splash of positive vibes and high energy but kept at a calm and comforting pace. Pink enough to be pink, but with a warm heart that seamlessly blend with surfaces like tiles, stone, or wood.

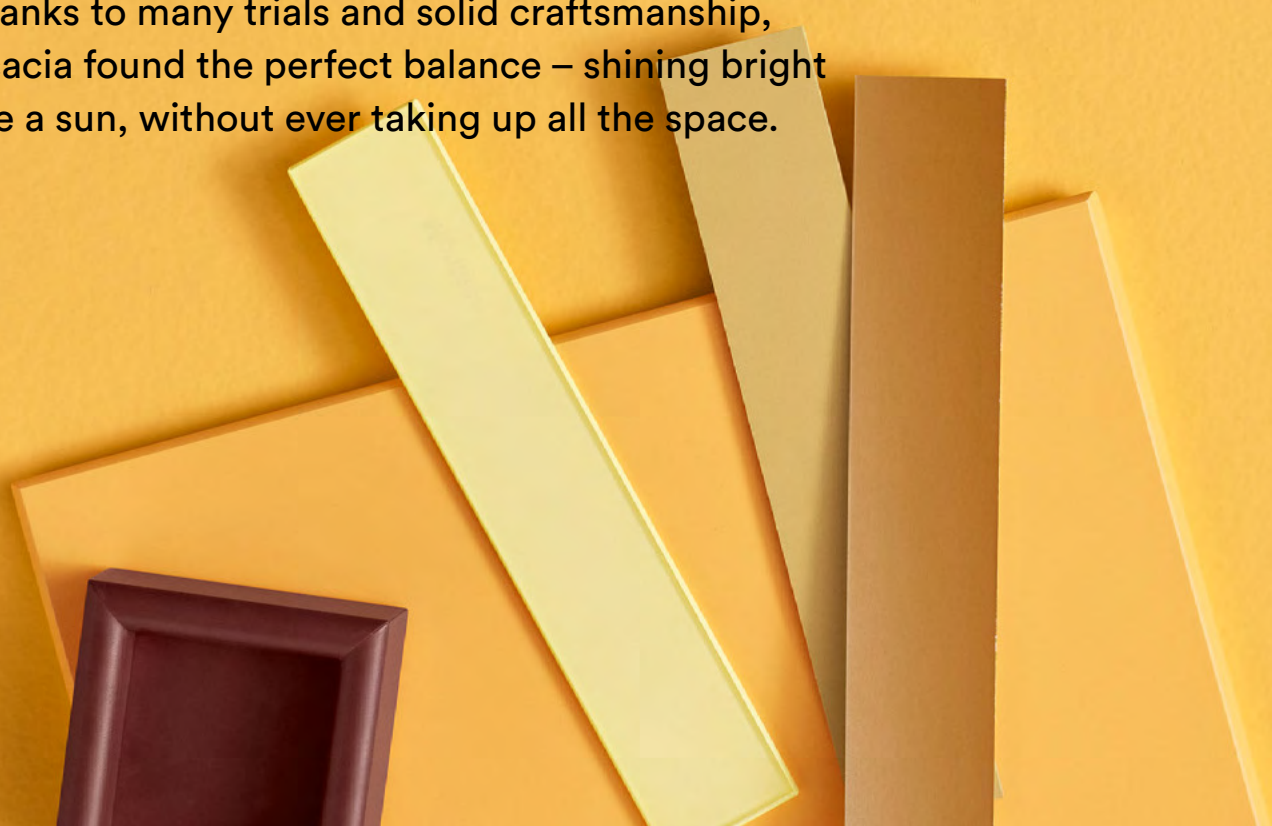

Meet *Acacia*

SURFACE: VELVET SMOOTH

Acacia is warm scents and golden sunsets.

Sand between your toes, warm wind in your hair, and sunrays on your cheeks. Energetic, bright, and warm on one side, calm and grounded on the other. Like a little capsule of good vibes, Acacia is just there, calmly waiting to greet you with its warm presence.

Much like its fellow yellow hues, Acacia walks a tightrope between being too much and too little. Thanks to many trials and solid craftsmanship, Acacia found the perfect balance – shining bright like a sun, without ever taking up all the space.

Meet *Clay*

SURFACE: MATT MICRO STRUCTURE

Clay is cool, calm, and confident.

Peaceful walks in nature, quiet times with a good book, the wind in an ancient oak tree. Modest on one side and proud on the other, Clay carries itself with a calm, stoic presence, complementing the waves of light in a soft, subdued expression, while serving as the perfect backup for the rest of the colours in the palette.

Clay is a deep and clayey grey, warm as the earth and soft as the fluffy clouds above it.

Serve and organise in vibrant colours

Montana's Arrange Trays are perfect for serving and small-scale decluttering. Use them to keep things tidy and to add bold drops of colour to your home, office, bathroom, or kitchen.

The strong PUR lacquer ensures durability and makes the trays suitable for serving as well as use in the kitchen or bathroom.

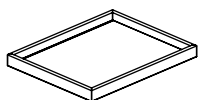

Arrange Trays in Acacia, Amber, Masala & Ruby

Montana Accessories

With a range of practical trays, storage solutions, notice boards, mirrors, and racks, Montana Accessories are here to make decluttering and organising fun and colourful. The accessories all carry a practical function of hiding or arranging your items and knick-knack, while also adding nice splashes of colour. The accessories can be used in all rooms in the home – from kitchen, home office, and living room to bedroom, hall, and kids room.

Beautiful ripples for all your favourites

Montana's Ripple Cabinet is a modern take on the classic display cabinet, perfect for displaying all your favourite items.

The Ripple Cabinet has rippled glass doors and adjustable shelves. The asymmetric placing of the shelves adds a new twist and makes it easier for you to customise your cabinet. The rippled glass adds a distinct and modern touch and absorbs the light in a beautiful way.

Aveny-T

Aveny-T is lightness, expressive lines, and modern materials. Originally designed for the Aveny-T Theatre in Copenhagen, the chair combines recycled plastic – in a terrazzo composite-like look – with a black powder coated sled-shaped frame. The result is a new and fresh design that is both minimalistic and full of character.

Relax in comforting colours

Colours bring energy and life to a room, and they play an unconscious role in creating a good ambiance. Choose warm, burned colours for the living room to create a welcoming and comforting vibe – it will be too vibrant to doze off and perfectly vibrant to make your guests want to stay, just a little longer.

Shelving in Masala, Amber, Acacia & Camomile.

The sheer joy of colours

by

We invited, Swedish multidisciplinary designer and colorist, Tekla Evelina Severin to explore the many options of Ruby, Acacia, and Clay. The result is a series of beautifully curated interpretations of the three new colours in the Montana palette.

Watch how the colours unfold through Tekla's three scenarios: Bedroom & Wardrobe, Living room, and Home office – where everything is carefully selected, positioned, and colour-coordinated to bring joy to the room.

Tekla Evelina Severin

2023 / 2024

Sweet, dreamy nights with Ruby

Step into Tekla's dreamy, colourful Bedroom & Wardrobe. Our pink newcomer Ruby shows its vibrant, optimistic energy and finds the perfect complement in the calm, warm, grounded Masala. A playful space with a quiet and relaxing vibe, where Cumin graces the walls with a comforting touch of nature.

LOOK mirror *in Masala*. Wardrobe *in Ruby*.
DREAM bedside table *in Ruby with Brass legs*.

Joyful pops of colour with Acacia

Tekla's interpretation of the warm and golden Acacia is a creative blend of colours, fabrics, art, furniture, and perfectly colour-coordinated clothes. A bright and bubbly universe, where Acacia takes centre stage but has the perfect companions in the pink and positive Ruby, the orangey-red Rosehip, and the soothingly calm Camomile.

Shelving in Acacia, Ruby, Rosehip & Camomile.

2023 / 2024

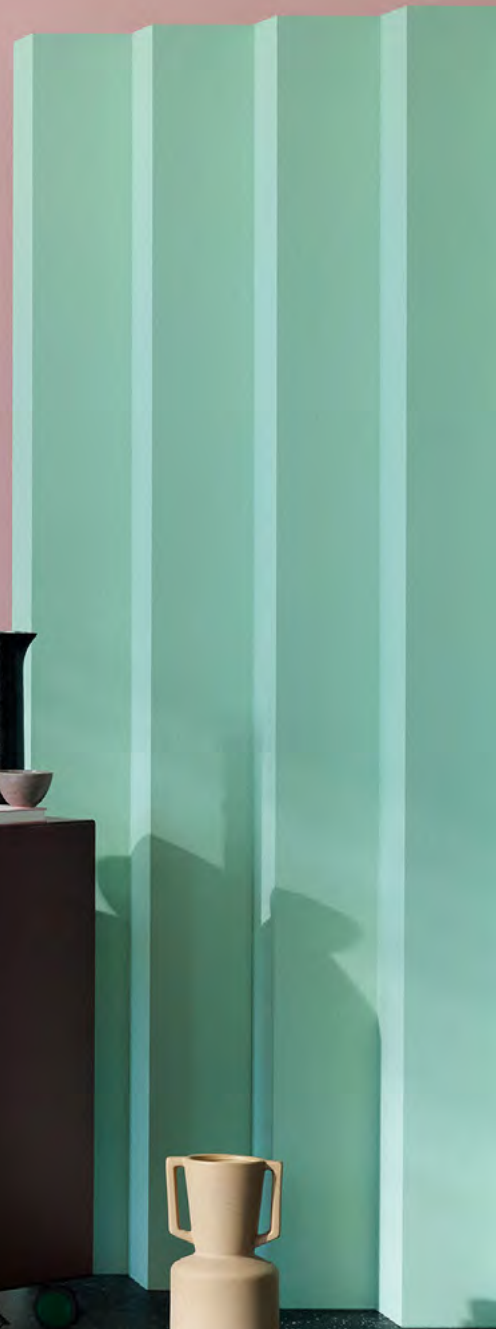

Contemporary office vibes with Clay

Join us for a monumental interpretation of the modern workplace. Textures, patterns, colours, and configurations all come together to create a stunning, yet grounded home office. Clay keeps things cool, calm, and confident and is surrounded by the perfect co-workers: the velvety soft brown Hazelnut, the deeply saturated Pine, and a little dash of the sweet, pink Ruby.

Monterey in Hazelnut. Marée 405 in Steelcut 3 upholstery.

Panton Wire Extended in *Black & Snow*.

Panton Wire

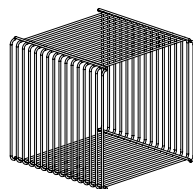

The Panton Wire System was designed by Verner Panton in 1971. The wire shelf is raw yet elegant, light yet industrial in its design. The Panton Wire comes in several depths and colours and can be used individually or in a combination – on the floor, hanging on the wall. Add a top plate or an inlay shelf to get a more personalised feel.

Panton One

Verner Panton created the Panton One chair as his very first chair in 1955. Panton One comes in a stainless-steel frame – polished chrome or lacquered in 4 colours. The cords are available in 10 colours and you can freely combine cord and frame. Panton One, Panton One Bar, and Panton One Kitchen are also available with a paper string.

Montana Selection

Montana Selection is a series of complete and unique storage modules for the home – from cabinets to mirrors, bookshelves, and bedside tables. The series consists of furniture in pre-defined depths and positions, with corpus, back, front, and handles in the same eco-friendly colour. It means fewer decisions for you.

Safe for you

safe for the environment

At Montana, we take our environmental responsibilities seriously. For us, sustainability is using high-quality materials and robust craftsmanship to produce long-lasting products. Long-lasting products that are neither harmful to you nor the environment.

Since 2007, we have exclusively used water-based lacquer colours which do not contain any solvents harmful to you or the environment. Our modules carry the Danish Indoor Climate Label, and in 2019, we obtained the prestigious EU Ecolabel, becoming one of the first furniture brands in Europe to hold this official European certification.

The Ecolabel applies to the entire Montana System, CO16, Montana Free Shelving System, JW table, all Panton products and the Kevi chairs (without upholstery).

2023 / 2024

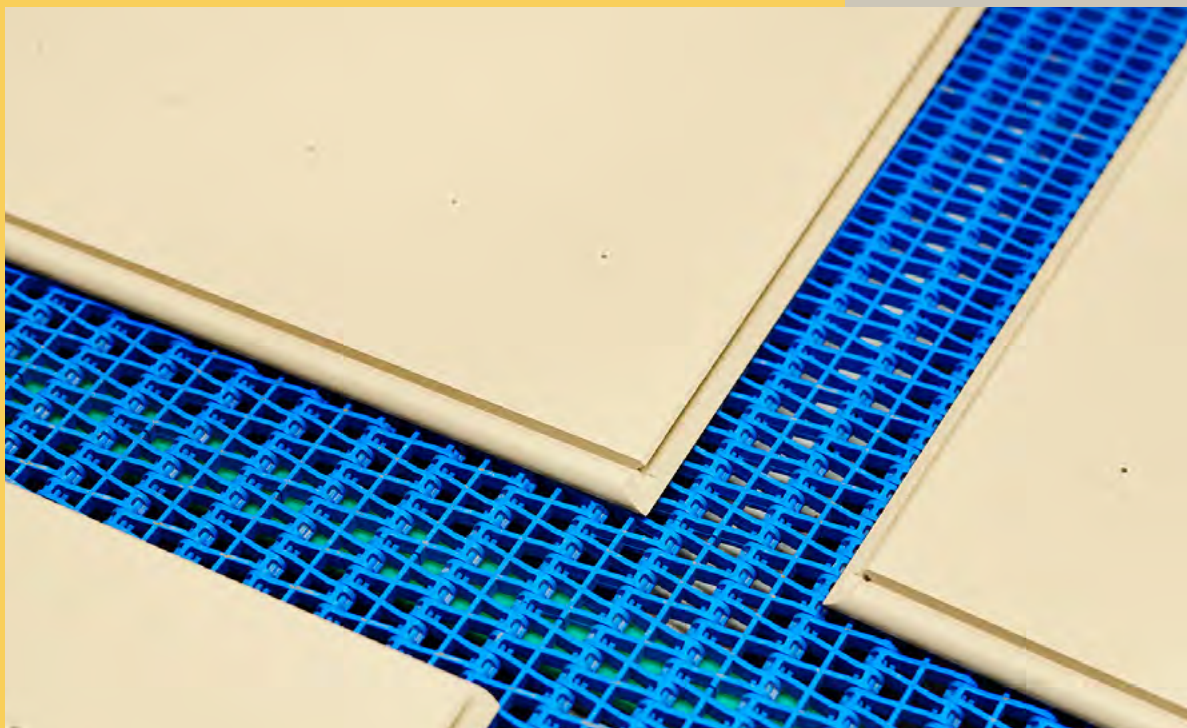

A factory of colours

All the many shades in our colour palette are exclusive Montana colours, available only on Montana products, and we mix them all at our factory in Haarby, Denmark. The water-based lacquer colours do not contain any solvents harmful to you or the environment.

Danish design — Danish manufacturing

All Montana modules are designed, developed, and made in Denmark. Nothing leaves our factory in Haarby without having been manually inspected and approved, ensuring that every Montana piece has the perfect surface, jointing, and craftsman's touch.

Buy now

keep forever

The flexible nature of Montana means that you can transform your modules almost endlessly and enjoy your high-quality furniture your whole life. You can add more modules if your home grows, rearrange them to suit a new purpose, split them across multiple rooms, and always add new colours if you feel like brightening up the mix. And if one day, you're ready to hand over your Montana collection, we've made sure that the modules are durable and lasting for many generations to come, making Montana a sound investment.

*“Montana is
always new”*

PETER J. LASSEN

Renew. Revive. Refresh.

No matter if you are a first-timer, or if you have had Montana for many years, the strength of the system is that it is inherently sustainable.

Do you feel like something new? Change a shelf, get a new back panel, swap the castors, try a striking new colour for the handles, or switch to a brand-new set of colourful legs.

Explore our components online and contact your nearest Montana retailer if you need guidance on how to renew, revive, and refresh your existing modules.

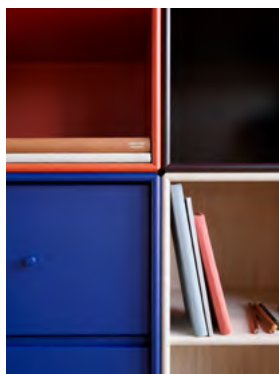

Refresh your dresser by adding a coloured plinth, a top module, and a mirror. Give the composition a new look with handles in a contrasting colour.

Give a shelving module new life by adding coloured shelves, trays, castors, and a top panel.

Meet our *designers*

Since 1982, Montana Furniture has had the pleasure of collaborating with Danish and international designers to launch brand-new designs and relaunch classic design icons.

A philosophy *of freedom*

Montana is a family-owned, Danish company that proudly delivers on quality, craftsmanship, and long-lasting products – while offering you endless possibilities to create the look that's just right for you.

In 1954, naval officer Peter J. Lassen followed his curiosity into the furniture industry, where he worked with renowned Danish architects and designers such as Arne Jacobsen, Jørn Utzon, Piet Hein, and Verner Panton for many years, before he founded Montana Furniture in 1982.

Montana is based on his philosophy; that every one of us has a need for freedom and a natural desire to create our own personal spaces.

Peter J. Lassen passed away peacefully after a brief illness on August 15, 2019, in his home in northern Zealand, Denmark.

Five generations —

of Danish Design

Joakim Lassen, the son of Peter J. Lassen, is the fifth generation of his family to work with furniture and the great grandson of furniture manufacturer Fritz Hansen. Today, he is Managing Director of Montana. With a background in cultural geography and a career as an environmental consultant, sustainability remains a high priority.

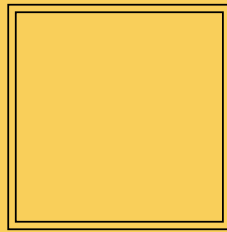

Visit your nearest Montana retailer for inspiration, guidance, and orders. Nice and capable people are waiting to help you find the best possible solution for your home. Find all stores and retailers at montanafurniture.com

You design it. We build it.

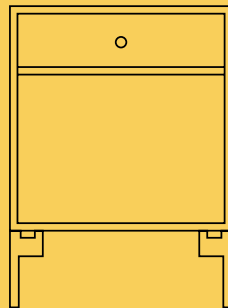

The Montana System holds an infinite number of combinations of colours, modules, components, and accessories. Follow these three steps to create the kind of playful space that fits just your needs.

1. Choose modules and sizes
2. Choose components, accessories, and position
3. Choose colours

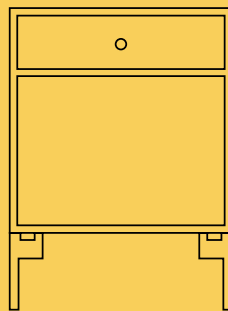

Size

Choose between 36 modules
and 4 depths

Customise

Choose between components
and positions; suspension rail, legs,
plinth, or castors

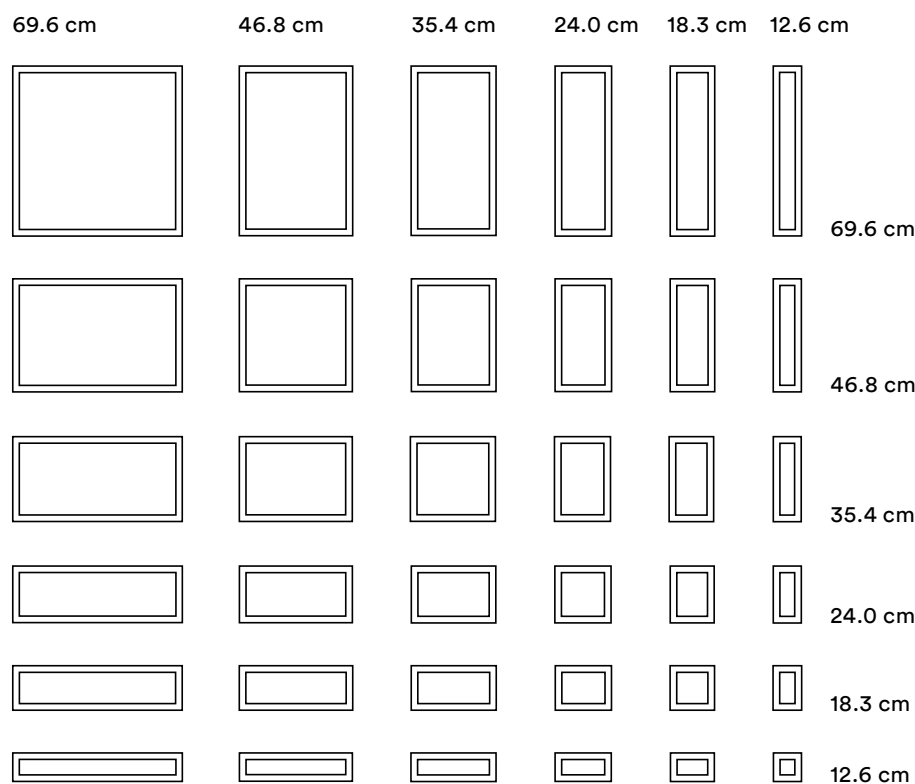

Colour

Choose between 41 water-based
lacquer colours and 2 veneers

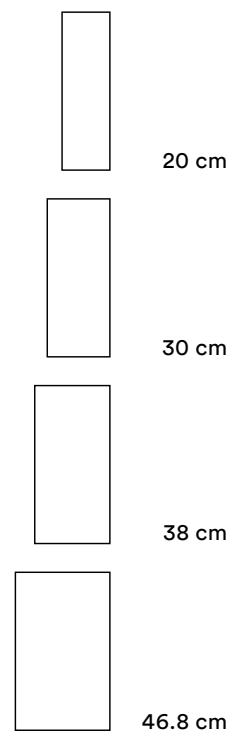

Size

36 modules / 4 depths

MODULES

DEPTHS

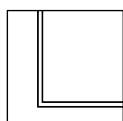

First, you need to create the design and choose between our basic modules. They are available in various sizes, so you can build with different depths, heights, and widths. Make your own combinations to suit your home.

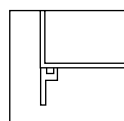

Customise
