Planning Your **KITCHEN**

Let us show you typical kitchen shapes to guide you, then the rest is up to you. What are your must haves and why are you buying a new kitchen? Take inspiration from our suggestions and ensure you've got everything covered.

CONSIDER YOUR LAYOUT

Your Jigsaw kitchen will be highly personal, as you piece together everything we have to create your own look. The first step though is confirming your layout and understanding which works best for your home. We've illustrated the most common styles for you found within the UK, but if you're lucky enough to have a completely blank canvas, then enjoy creating your own!

LINEAR

Used for compact kitchens, combine with clever storage solutions to maximise the space.

L-SHAPE

The most common kitchen layout, leaving space to move around and possibly enough space for a dining table.

GALLEY

Works best for long narrow kitchens with everything within easy reach.

U-SHAPE

Great for lots of storage space, use pull out corner units for easy access to all your pots and pans.

G-SHAPE

Get additional storage and worktop space with a G-shaped kitchen, also ideal for creating a social centre point.

ISLAND

This desirable layout works well with large open plan kitchens, creating a flexible and social working space.

Room Considerations:

ROOM DIMENSIONS

- Walls, inc. exterior ones
- Height of room
- Boiler & radiators
- Windows & doors, inc. frame and which way they open

THE DETAILS

- Location of sockets
- Waste pipes
- Air Vents
- Gas pipes

APPLIANCES

- Integrated / free standing
- Any existing appliances

DESIGN IDEAS

The devil's in the detail!

Consider curves to create a bespoke look.

Curved kitchen design adds a different aesthetic to more traditional straight lines. Tall external curves create a feature area and can now be created in many ranges.

Available as:

- Base units
- Wall units
- Tall units

Take full advantage of full height larder doors.

Enhance a minimalist design with the inclusion of full height larders doors. Equally as impressive in either a straight run of larders or in framing ornate design.

Available in:

- Lucente
- Vivo+

Shhh...
All of our doors and drawers come with soft close as standard

Understanding drawers.

Drawers are an increasingly important part of the kitchen offering style and easy access. Jigsaw provides a multitude of sizes and configurations, which are easily explained below:

DRAWER CONFIGURATIONS

What drawer combination you choose might depend on how much space you've got available, what design you're after, or what you want to store in them. For example...

- Cutlery
- Utensils
- Cookware
- Plates and bowls
- Food
- Kitchen towels
- Cleaning products

POPULAR DRAWER CONFIGURATIONS:

5 shallow drawers 4 shallow drawers 1 shallow + 2 deep drawers 2 deep drawers 1 internal & 2 deep drawers

INTERNAL DRAWERS

Internal drawers are a great way of achieving a clean and linear look while still providing practical storage and easy access to your cutlery and utensils. The top drawer simply hides inside the deep drawer front, creating an uninterrupted and streamlined kitchen design.

Choose strength
and durability for
peace of mind.

CABINET CHOICES

Cabinets are the foundation of a kitchen with multiple sizes and shapes now available to navigate around any room. We have 5 matt colours* available meaning you can choose to co-ordinate or contrast with your door choice.

*Oak not available for true handleless

What makes our cabinets extra special?

18mm back panel for added rigidity on base units, means you don't need to worry about your cookware damaging the backs!

2mm PVC on leading edges prevents moisture from getting into the cabinet structure and causing damage.

Be assured of lasting quality with our 18mm thick cabinets as standard.

Unlike some other cabinets, our cabinets come with a 100mm cross rail to add further stability.

We have 5 colours to choose from, to complement our vast array of doors.

Handleless Matt

Make a design statement with this bold colour choice

Handleless Matt

Lucente Matt Cashmere

The growing popularity of cashmere makes a stunning impact in a matt handleless kitchen. Bi-fold wall units add to the contemporary feeling, providing design lead functionality.

Lucente Matt Anthracite

The darker tone of anthracite adds definition to the kitchen, with a range of curve sizes adding to the contemporary design.

Lucente Matt Indigo

Blues are in and indigo takes first place. If you are looking for a super modern option that is the height of fashion, then indigo could be the choice for you. Combine indigo with white worktops and a Matrix undermount sink, to complete the contemporary look.

Handleless Matt

Lucente Matt Fir Green

Fir green's rich tone creates a kitchen with impact that's equally as comfortable with light and dark room colours. Use glazed walls with integrated lighting for additional ambience.

Lucente Matt Dust Grey

Combine the tactile trend of a matt finish with the emerging tone of dust grey, to create a kitchen very much of the moment. The simplicity of symmetrically designed larders gives an extra added wow factor to this already stunning kitchen.

Lucente...

Our Lucente door is made from 22mm MDF, vacuum sealed on exposed edges, primed and then finished with 2 coats of polyurethane paint. We've even got a colour co-ordinated reverse, but while kitchen doors might look the same, the reality is quite different.

COMMON PROBLEMS WITH TYPICAL J PULL DOORS:

*Peace of mind
with Jigsaw*

Vivo...

Vivo is manufactured from 18mm MDF and finished in the same process as Lucente. Ensure you know exactly what you're buying and how long you want it to last for.

COMMON PROBLEMS WITH TYPICAL SLAB DOORS:

PEELING VINYL

Vinyl doors are glued and have the propensity to peel when exposed to the regular steam of a kettle or heat of an oven.

CHIPBOARD

Chipboard can be used as a door substrate but can blow and raise when exposed to water. Not a good combination for a kitchen.

BUBBLED VINYL

Vinyl doors start to bubble before peeling creating an unsightly look that can't be repaired.

PEELING EDGES

Look out for peeling edges that can flap and irritate you. It's common in kitchens and home and office furniture.

Real Timber Shaker Design

True timber fascias have represented a quality choice in kitchens for decades. The Cambridge range provides both this quality and a contemporary twist with 6 painted colours complementing the oak finish. The colours combine to beautiful effect as we've illustrated or work equally as well on their own. The vast array of designer accessories help to create kitchens that are the focal point of any home.

- ✓ V groove detail
- ✓ 20mm door thickness
- ✓ Real timber materials

AVAILABLE COLOURS:

I've always appreciated traditional design and Cambridge offers so many options. From mantels to pillars and bottle racks to pilasters, this range is a must have for country living.

Andy Marsh, Director of Innovation

Cambridge Ivory

Ivory provides a lighter, airy feel to a kitchen improved even further with subtle lighting as shown. Use glazed units to display your finest crockery.

THE WINDSOR RANGE

SMOKE BLUE WITH IMPERIAL & CUP PLUS CHROME HANDLES PICTURED

Real Timber Shaker

If you're searching for the ultimate traditional kitchen then you've found it! Windsor doors are constructed from timber in a 5 piece shaker door with internal beading around the frame to provide even more definition. Look for the likes of pilasters, columns, mantels and corbels to make every zone of your kitchen distinct.

- ✓ *Internal beading detail*
- ✓ *20mm door thickness*
- ✓ *Real timber materials*

The beading detail on the Windsor range really gives that British country cottage look that I love. Use the barrel pilasters for extra character.

STORAGE

So you've chosen your door range and cabinet colour, what about what sits behind the door? We've got a number of options to make access quicker and easier and ensure you maximise the space in your kitchen.

SMARTLARDER

Our smart storage solution

An alternative to pull out wirework, the Smart Larder utilises space effectively and efficiently. With 5 drawers at your fingertips and frosted glass panels for style, strength and quick visibility, access has never been easier.

- ✓ 40kg capacity in each drawer
- ✓ Soft close as standard
- ✓ Frosted glass panels

WASTE STORAGE

A less glamorous product than others in the kitchen, the bin is often an after thought. However, integrated bins help to maximise kitchen floor space, simplify recycling and provide a tidy appearance. Our Block 2.0 range of bins come in a variety of sizes to suit your kitchen and create a minimalist aesthetic.

Block 2.0 Single Bin
