Start by straightening Vyne so that the **logo** is **upright and facing you**.

step 1

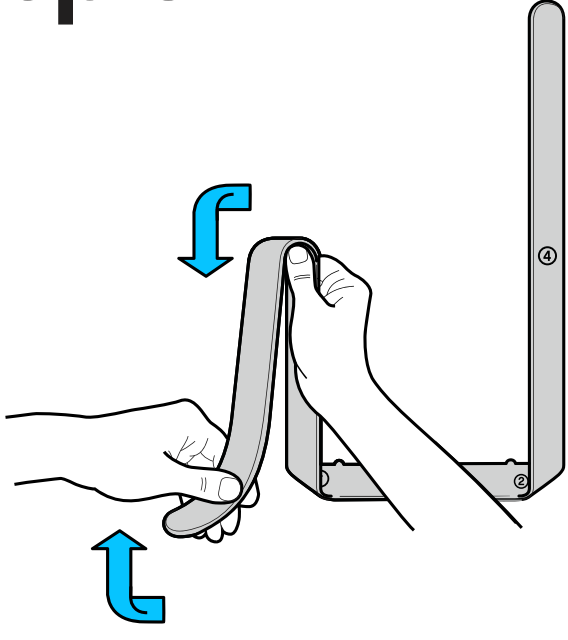

Place your **thumb** on the ① indicator and twist Vyne so that the ③ indicator is **facing you**.

step 2

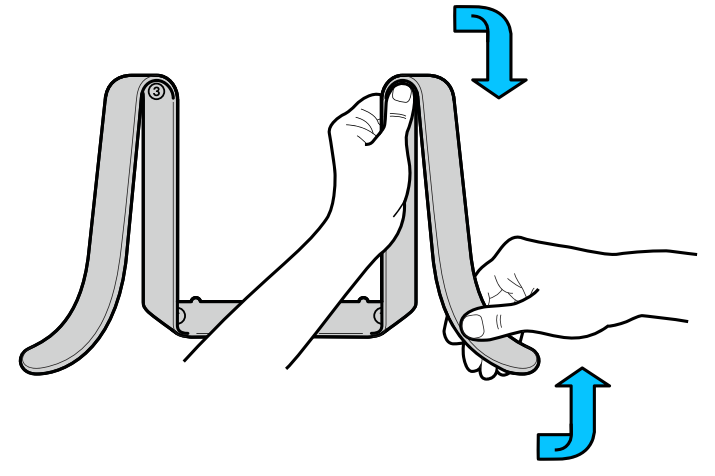

Place your **thumb** on the ② indicator and twist Vyne so that the ④ indicator is **facing you**.

step 3

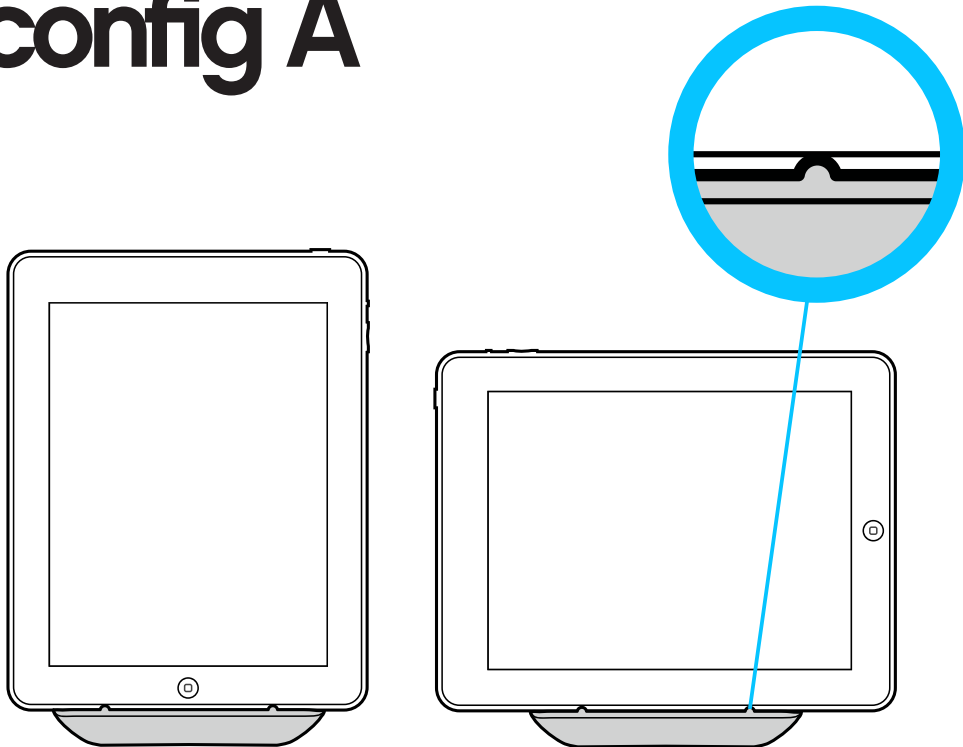

Place your **thumb** on the ③ indicator and bend Vyne **towards you**, then slightly bend the end **upward**.

step 4

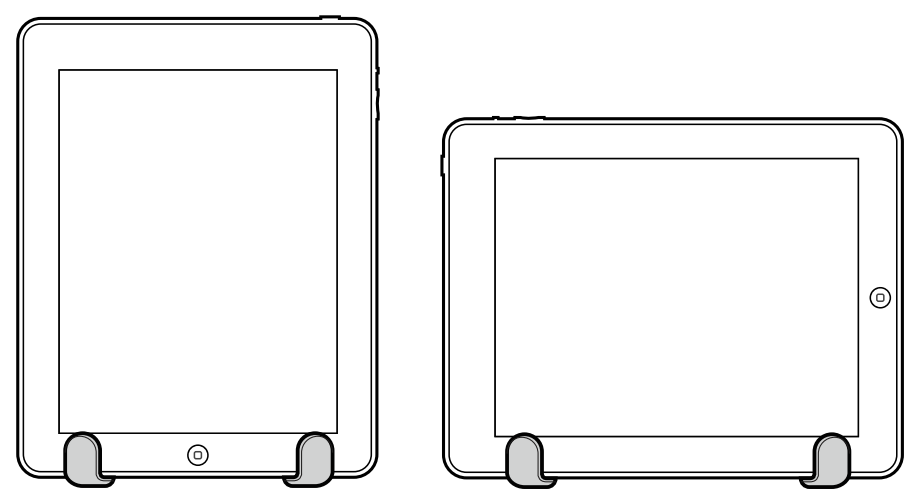

Place your **thumb** on the ④ indicator and bend Vyne **towards you**, then slightly bend the end **upward**.

config A

Place your tablet so that it rests **behind** the two **slip-free sprouts** and enjoy!

config B

Place your tablet so that it rests **behind** the two **ends** and enjoy!
