

> SCALP TREATMENT + PURE ACTIVE INGREDIENTS IN A GLANCE

 <p>HAIR XTEND</p> <p>Hair Xtend is a cocktail rich in nutrients that palliates the hair and scalp deficiencies in minerals, vitamins and amino acids. It helps increasing the cells activity and metabolism enabling better protein synthesis.</p> <p>Main ingredients: Dexpantenol, ATP, Biotin, Taurine, Peptides, Lecithin, Minerals.</p> <p>Indications Hair loss, dry scalp and damaged hair.</p> <p>6ml vials</p>	 <p>HAIR Capillaire</p> <p>Hair Capillaire is a proven solution in diffused hair fall for both men and women. An easy to use treatment for hair follicle strengthening.</p> <p>Main ingredients: Biotin, Taurine, Folic Acid, Amino Acids, Minerals.</p> <p>Indications Hair loss, oily scalp and demelanised hair.</p> <p>5ml vials</p>
 <p>DEXPANTHENOL</p> <p>Dexpantenol acts like a moisturizer. It improves the stratum corneum hydration, reduces transepidermal water loss and maintains skin softness and elasticity. Moreover, it activates the fibroblast proliferation and accelerates reepithelization in wound healing. Panthenol is essential for the normal function of epithelial tissues. It helps repair damaged tissue and promotes normal keratinization of the skin and hair. Deficiency results in loss and discoloration of hair.</p> <p>Indications Wound healing, Hair loss, Melasma, Psoriasis.</p> <p>5ml vials</p>	 <p>BIOTIN</p> <p>Vitamin H, more commonly known as Biotin, is part of the B complex group of vitamins, named B7. It is necessary for cell growth, production of fatty acids and metabolizing of fats and amino acids. It helps stimulate cellular repair and promote healthy skin cell and tissue growth.</p> <p>Indications Hair loss, Eczema, Seborreic dermatitis, Fine lines, sebum-regulating.</p> <p>2ml vials</p>
