

## Bookmark Tutorial

### Materials -

Vinyl or Felt  
Tearaway Stabilizer  
Embroidery Thread  
Matching Bobbin

### Step 1

Hoop 2 layers of tearaway

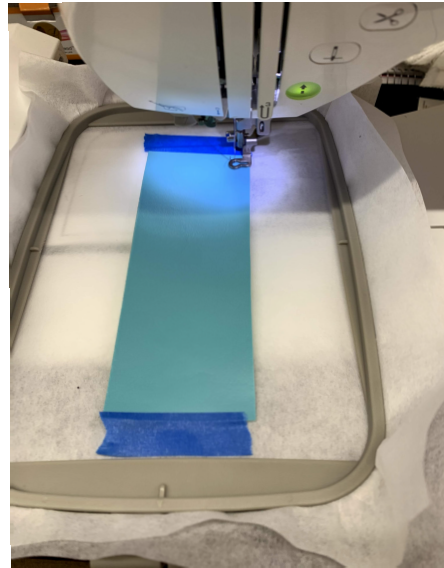

If you need a placement line you can run the first color twice.

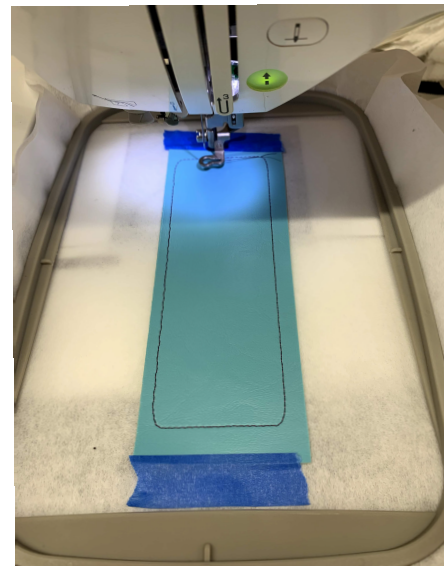

**Step 2**

Float Vinyl (or felt)

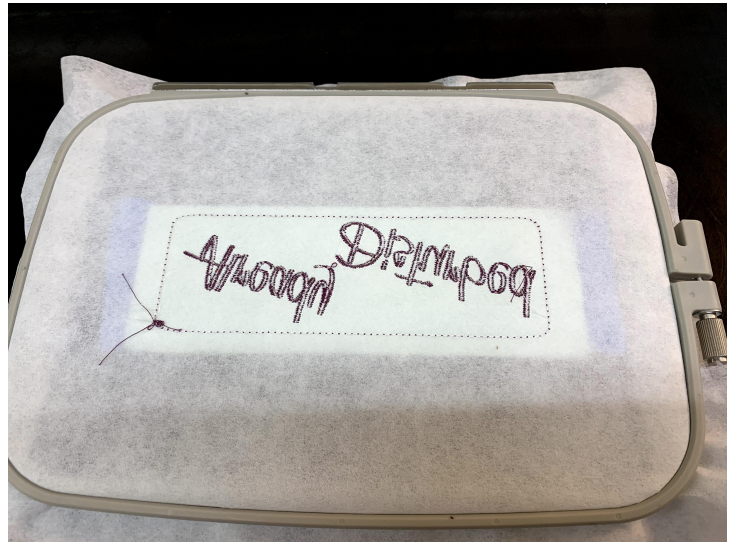

**Step 3**

Stitch all colors until you get to the second tack down

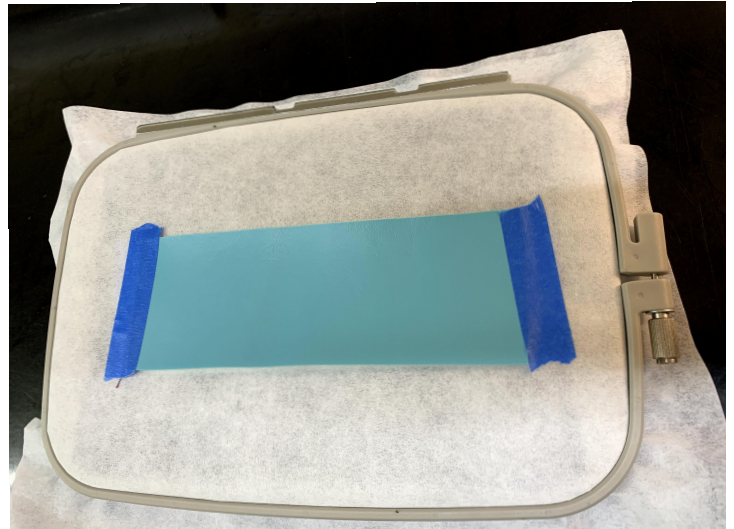

#### Step 4

Remove hoop from machine  
DO NOT unhoop stabilizer  
and fabric.

#### Step 5

Use painters tape to hold  
material on back of hoop

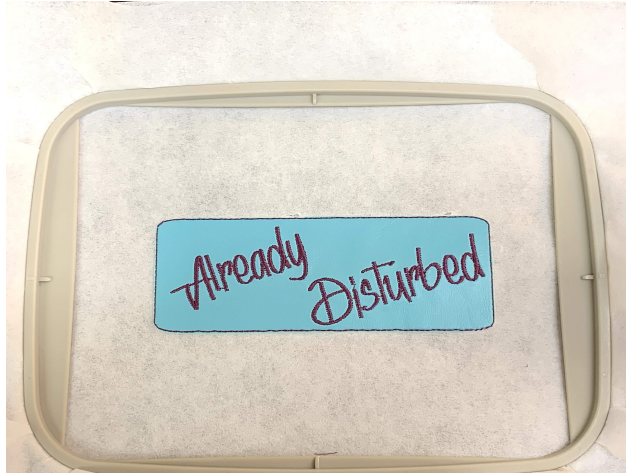

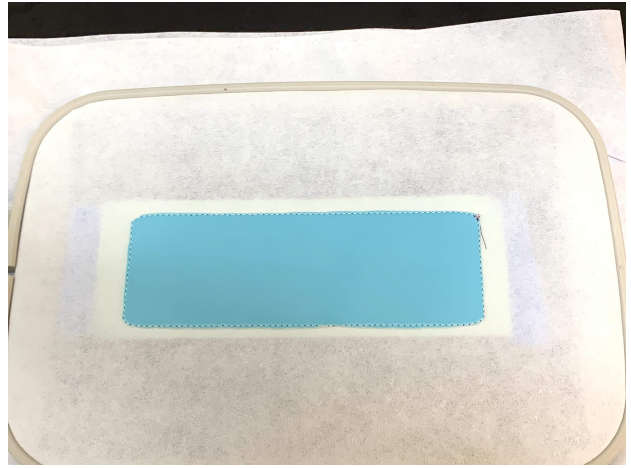

#### Step 6

Reattach hoop to machine  
and sew the placement/tack  
down line.

### Step 7

Remove hoop again and trim all material (front and back) as close as possible to the stitchline, just like you would for an applique.

**Replace bobbin with matching thread!!**

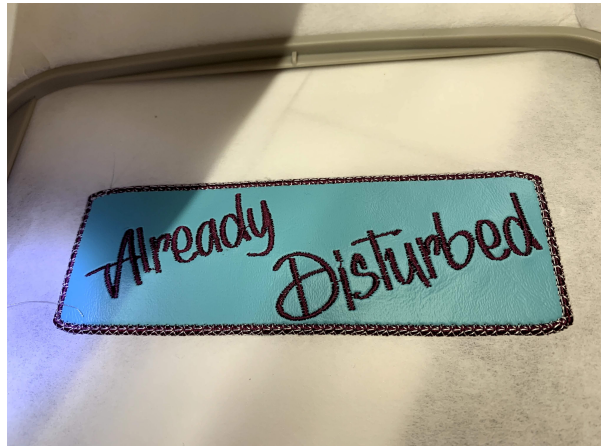

### Step 8

Reattach hoop and stitch final satin.

## Step 10

Optional - if using 2 colors on final satin, stop machine and replace bobbin again for final color

Finally finished! Remove you new bookmark from the tearaway and enjoy!
