CalceTerra Natural Sands combination colour chart

Each one of the 20 individual Natural Sands can be used by itself or mixed with one or more other colours as desired. The Colour Chart below shows the 60 different combinations which can be created by mixing Natural Sands but you can create your own bespoke formula.
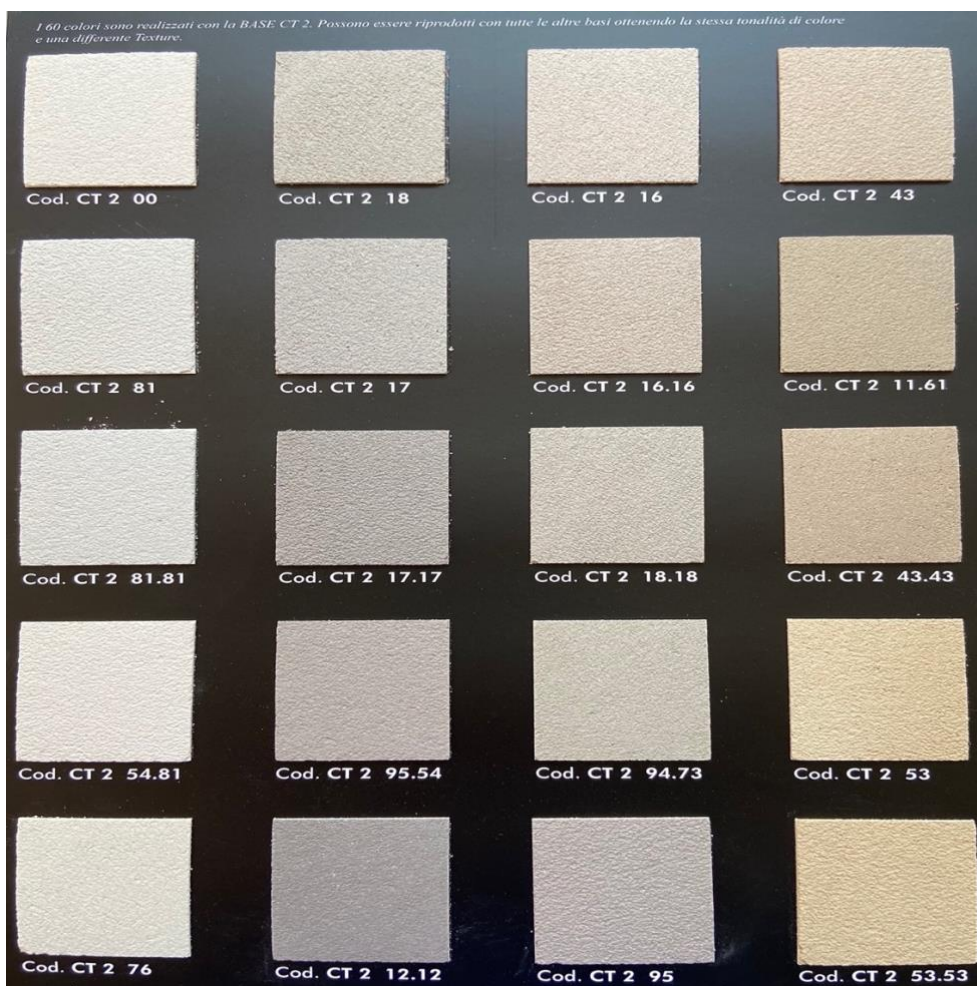

The 60 colours shown in the Colour Chart have been made with Base CT2 (CalceTerra Linen). All the colours can be created with the CalceTerra Cotton, Linen, Jute, Hemp and Caseina bases listed above but with different textures.

To achieve the 60 colours of the collection, please read the code correctly.

Code Example: CT 1 43
CT 1 = Base CT 1 Texture Cotton
43= Natural Sands n.43

I 60 colori sono realizzati con la BASE CT 2. Possono essere riprodotti con tutte le altre basi ottenendo la stessa tonalità di colore e una differente Texture.
