

Think all Acid Concentrate is the same? Let us prove otherwise!

- Our drivers are trained to pump-off directly into your holding tanks or totes. They will haul away your empty drums each delivery.
- Diasol customer service representatives monitor your concentrate ordering patterns, making sure you never run out—even if you forget.
- With the only see-through drums in the industry, color-coded labels and easy-to-read product codes make taking inventory a snap. Stop shaking drums!

Wide Range of Formulations:

- 35X, 36.83X, and 45X Proportioning
- Dextrose 100/200
- Potassium 0-4
- Calcium 0-3.5
- Let us handle your custom baths or spikes!

Sodium Bicarbonate:

- Available in 1T, 10T, 12T, and 25T
- Our BIG BOX minimizes packaging. Call a representative and ask how this can save you time, money, and space!
- 1 gallon liquid gamma radiated for patients' safety

Your One-Stop-Shop:

- Additives: Potassium Chloride and Calcium Chloride
- Citric Acid liquid gallons (Available in 2%, 20%, 50% concentrations)
- Citric Acid powder
- Acetic Acid/Vinegar 6%
- Bleach
- Pellet Salt

Call (800) 366-0546 today and get your Acid Concentrate working for you. Focus on providing the best care possible to your patients. We specialize in custom solutions tailored to **YOUR** unit.
