

Material Safety Data Sheet
Sodium Bicarbonate Dry Powder Concentrate

I Product Identification and Company Identification

Product Identification: Sodium Bicarbonate Dry Powder Concentrate
Product Description: Sodium Bicarbonate
Information Provided by: **DIASOL INC.**
1110 Arroyo Street
San Fernando, CA 91340
Phone 818-838-7077

II Hazard Identification

Physical State: Solid
Appearance: White Powder
Odor: None
Hazard: Non Hazardous

III Composition / Information of Ingredients

Chemical Name	CAS #	OSHA PEL
Sodium Bicarbonate	144-55-8	Not classified

IV First Aid Measures

Eyes: Flush with plenty of water. Get medical attention if irritation develops or persists.
Skin: Wash with plenty of soap and water. Get medical attention if irritation develops or persist.
Ingestion: Drink plenty of glass of water. Never give anything by mouth to an unconscious person. Get medical attention if discomfort persists.
Inhalation: Remove to fresh air. Get medical attention if discomfort persists.

V Fire Fighting Measures

Extinguishing Media: Water, use procedures appropriate for the surrounding fire.
Explosion Hazard: None
Flammable Limits: NA
Exposure Polymerization: None

VI Accidental Release Measures

Spill: Sweep, vacuum, after flush area with water. Wear appropriate protective clothing and equipment during clean up.
Disposal: Dispose in accordance with all State and Federal regulations.
This material is not considered a hazardous waste.

VII Handling and Storage

Handling: Wash thoroughly after handling. Minimize dust generation and accumulation. Avoid contact with eye, skin and clothing.

Storage: Keep container close when not in use. Store in cool, dry, well-ventilated area away from acids.

VIII Exposure Control and Personal Protection

Protective Equipment Index: PPE-B. Safety glasses and gloves.

Clothing: A protective apron should be worn when splashes are likely.
Rubber booths should be used for spill response.

Sodium Bicarbonate is non-combustible.

IX Physical and Chemical Properties

Physical State: Solid
Appearance: White, granular powder
Solubility: Completely soluble in water
pH value: NA
Boiling Point: NE
Freezing Point: NE
Specific Gravity (H₂O =1) NE
Vapor Pressure: NA

X Stability and Reactivity

Chemical Stability: Stable under normal temperature and pressures
Conditions to Avoid: Dust generation, use of well-ventilated work area
Incompatible Materials: Acids
Hazardous Decomposition Products: None

XI Toxicological Information

Main Hazard: Avoid contact with eyes and skin. Do not inhale or ingest material.
Product not regulated and not a hazardous material.

Sodium Bicarbonate Product is determined not to be toxic to humans.

HMIS Rating: Flammability: 0
Health: 0
Reactivity: 0
PPE: B

XII Other Information

This MSDS is provided as an information resource only. It is believe to be accurate and represents the best information currently available to us.
