

FOR STEEL AND STAINLESS STEEL PROCESSING IN RECIRCULATED AIR
OPERATION SUITABLE FOR LOEWER DISCMASTER SF 2/2

| Technical details | UT-T5,5 |
|-------------------------|---------------------------------|
| air volume (max.) | approx. 8.100 m ³ /h |
| vacuum (max.) | approx. 3.400 Pa. |
| compressed air 6-8 bar | 3/4" |
| motor | 5,5 kW, 400 V, 50 Hz |
| filter surface | 50 m ² |
| length x width x height | approx. 850 x 1.470 x 3.595 mm |
| filters | 4 pieces filter cartridge (M) |
| dust container volume | approx. 80 litre |
| connection - Ø | 300 mm |
| execution | stationary |
