

Belt grinding unit

UBC 9-R

Applications

Powerful, lightweight belt grinder. For clean-ing and removing burrs, defining a radius, blending surface finishes, fillet weld grinding and finishing, tight access applications and generating decorative satin finishes on metal.

- Heavy duty electric belt grinder
- Tacho variable speed selector 3 000 to 8 200 min⁻¹, variable from 945 to 2 598 SFPM
- · A selection of 6 steel contact arms
- Complete selection of belts 20 1/2" (520mm) long, from 1/8" (3mm) to 3/4" (19mm) wide
- Warning light when carbon brushes need changing. LED (at the back of the black case)

| Technical data | | | | | | |
|-------------------|--------------------|-------------------------|------------------------|-----------|--|--|
| Туре | Order No. | Speed min ⁻¹ | Belt speed m/s | Weight kg | | |
| UBC 9-R | 111 297 | 3 000 - 8 200 | 4,8 – 13,2 | 1,950 | | |
| Fully insulated s | single phase motor | Power input | Belt dimensions | | | |
| 230 V 50 Hz | | 600 W | 6 × 520 mm 12 × 520 mm | | | |

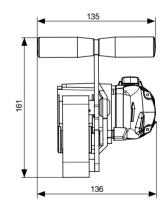

Tube polisher

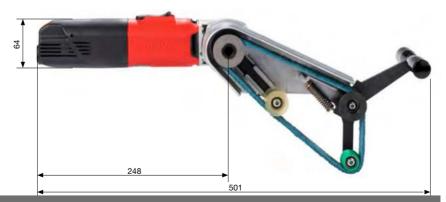

UTC 9-R

- Up to 180° contact on tubes
- Grinding of tubes with a ø of up to 45 mm
- Integrated overload cut-out
- Tacho variable speed selector for constant speed
- Soft-start for jolt free work

Technical data

 Warning light when carbon brushes are worn: LED (at the back of the black case) lights up as soon as the carbon brushes need changing.

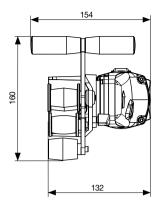

| recinition unta | | | | | | | |
|-----------------|-----------|-------------|-----------------|-------------------|------------|--------|--|
| Туре | Order No. | Power input | Belt dimensions | Speed | Belt speed | Weight | |
| | | | | min ⁻¹ | m/s | kg | |
| UTC 9-R | 111 299 | 600 W | 30 × 533 mm | 3 000 – 8 200 | 4,6 – 12,5 | 2,550 | |

Tube polisher

UTG 8-R

- Up to 180° contact on tubes
- Grinding of tubes with a ø of up to 45mm
- · Integrated overload cut-out
- Tacho variable speed selector for constant speed
- Soft-start for jolt free work
- Warning light when carbon brushes are worn: LED (at the back of the black case) lights up as soon as the carbon brushes need changing.

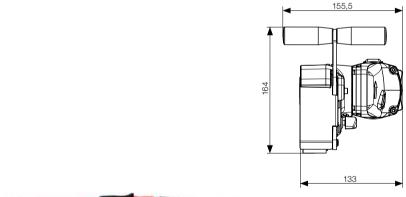

| Technical data | | | | | | | |
|----------------|-----------|-------------|-----------------|-------------------|-------------|--------|--|
| Туре | Order No. | Power input | Belt dimensions | Speed | Belt speed | Weight | |
| | | | | min ⁻¹ | m/s | kg | |
| UTG 8-R | 111 269 | 1050 W | 30 × 533 mm | 4 000 – 9 000 | 6,15 – 13,6 | 2,900 | |

UTG 9-R

- Up to 220° contact on tubes
- Grinding of tubes with a ø of up to 70 mm
- Larger Diameter with Less contact wrap
- Overload cut-out integrated
- Soft-start for jolt free work
- Digital electronics ensures constant working speed
- Undervoltage protection. Unintentional activation following a voltage inter ruption, even with the machine on, is impossible
