PROSPECT FARMS

Presenting you the Prospect Farms 'Large Bacon Calm Pet Drops'

WELLNESS IS ROOTED IN TRUST AND AUTHENTICITY

A Comprehensive Guide to Certificates of Analysis (COAs)

TABLE OF CONTENTS

Our Seed to Store Promise: Transparent Lab Analysis

Prospect Farms' commitment to traceability and sustainable agriculture practices ensures every facet of the process, from farming to manufacturing, is done with the utmost care and transparency. From seed-to-store, everything happens right here on our farm in Prospect, Maine.

A HOLISTIC APPROACH TO WELLNESS

At Prospect Farms we believe wellness is rooted in trust and authenticity, so from our farming practices to the ingredients included in each of our products, we have nothing to hide. Quality Full-Spectrum CBD starts as a seed not on the shelf. That is why we genetically select each and every seed that goes into our nutrient-rich soil in Prospect, Maine. We follow strict organic farming practices including the use of regenerative cover crops to ensure a healthy, natural environment for each and every hemp plant. We hand-harvest, slow dry, and carefully process the hemp plants all on our farm to ensure the quality preservation of true full-spectrum CBD. Transparency isn't a buzz word, it's an ideology we live by daily.

TESTED, TRUSTED & TRANSPARENT

Rigorous quality control is required in every aspect of the supply chain. We are the farm. We are the processor. We are the manufacturing support to bring to market truly clean, green skincare. Because of this, we are among the few who are able to meticulously validate each and every step from Seed to Store. Through peer-leading, 3rd party, ISO-accredited labs, we use leading-edge technology to test each and every batch to ensure your products are receiving the highest standard of care and validation.

LAB ANALYSIS

TRULY transparent means we test upwards of 14 times across a broad spectrum of lab analysis to support TRUE quality. We ensure your product is free from mycotoxins, heavy metals, microbiological contaminants, bacterial contaminants, pesticides, and residual solvents (volatile organic compounds). Truly clean means non-detectable and transcends industry norms to establish a new quality standard for the industry.

Certificate of Analysis Summary

Laboratory Certificate: ProVerde Laboratories

Manufacturing Date: 3/21	Expiration Date: 3/23	Lab Analysis Date: 4/21
Manufacturer Country: USA	Hemp License State: Maine	UPC: 850014532468

All results collected in accordance with the requirements of ISO/IEC 17025:2017.

* Testing limits established by the Massachusetts Department of Public Health, Protocol for Sampling and Analysis of Finished Medical Marijuana Products and Marijuana-Infused Products for Massachusetts Registered Medical Marijuana Dispensaries, Exhibit 5. ND indicates "none detected" above the lower limit of detection (LLD). Analytes marked with (*) indicate analytes for which no recovery was observed for a pre-spiked matrix sample due to matrix interference.

TP: Terpenes Profile [WI-10-27] *Analyst: LC* *Test Date: 4/17/2021*

Client sample analysis was performed using full evaporative technique (FET) headspace sample delivery and gas chromatographic (GC) compound separation. A combination of flame ionization detection (FID) and/or mass spectrometric (MS) detection with mass spectral confirmation against the National Institute of Standards and Technology (NIST) Mass Spectral Database, Revision 2017 were used. Chromatographic and/or mass spectral data were processed by quantitatively comparing the analytical peak areas against calibration curves prepared from certified reference standards.
