Diameter (mm)	Dim (mm)
350	145(H)
350	145(H)

Important notes: (1) In the interest of transport and safety, emergency products are supplied with the battery disconnected. (2) In addition to specific emergency commissioning instructions, the battery MUST be connected at the time of installation. (3) Continual use in emergency mode greater than 240 hours without recharge, will result in battery failure and void battery warranty.

Due to continued product and technology enhancements, data sourced from sal.net.au shall not form part of any contract and or technical performance guarantee unless expressly confirmed in writing by SAL at the
