## Microscope Repairs

On-site troubleshooting and repair of all major microscope brands. Our staff consists of technicians who are factory trained by Nikon, Olympus, and Leica. We are the authorized Nikon, Labomed, Accuscope, Meiji, and WP Microscope dealer for the Sunshine State. Our parts department has a well stocked supply of microscope repair parts, both old and new.

## Request a Quote

Please contact our service manager, Mike Ludwick, at 863-644-3555 Option 1 or via email at [mike@seoenterprises.com](mailto:mike@seoenterprises.com) to request a no obligation quote. We accept all purchase orders.

## Biomed

We work hand in hand with biomed departments to provide full microscope service, repairs, and parts. Our current biomed customers include, Crothall, Aramark, Sodexo and others. Purchase orders are accepted. Proof of service is provided upon completion. Digital copies are kept for inspection compliance.
