45 cm / 17 in
30 cm / 12 in
30 cm / 12 in
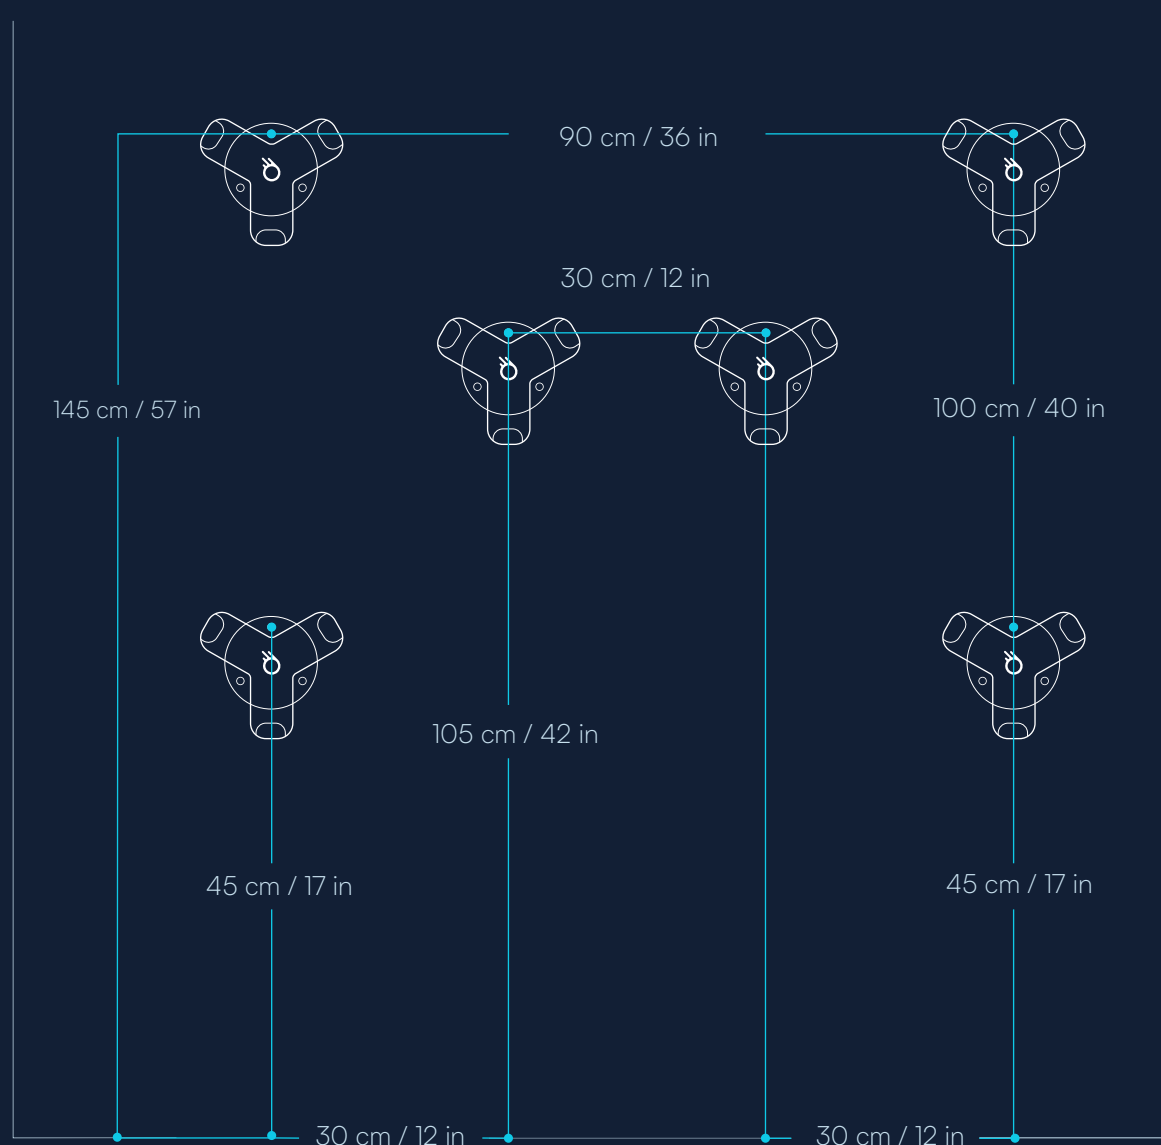

Wall Mount setup

Step 01
Attach the Wall Mounts to the wall

Step 02
Place the PodBases in the Wall Mounts

Step 03
Place the Pods in PodBases

Technical highlights

1 The Wall Mounts should be positioned in a Y shape with the BlazePod® logo upright.

2 Precise measurements are taken from the top hole of each Wall Mount.

3 There are two types of anchors provided for different walls.

i We highly recommend having a professional install your Reactive Intelligence Wall™ for maximum safety & precision.
