The freedom your whole body enjoys **Humanism in T50**

The best ergonomics in chair means you are not aware of being seated while on the chair. Chair features making this possible with highly sophisticated adjustability and functionalities should free you of what disrupts your full immersion in the life. Having all of these features along with easy handlings, T50 series' high performances promise "the freedom your whole body enjoys" at the moment of synchronizing yourself with the chair.

Chair with high-performance

The most advanced down-synchronized tilting mechanism realizes the ergonomic ideal of chair synchronizing with your body in motion. Maximum adjustability with easy handlings of the smartly designed levers completes the highest performance of T50.

Fabric mesh backrest

The fabric mesh backrest curbs any possibility to have perspiration on your back by effectively releasing concentrated heat from your body while seated. The structural tension from the stretched fabric mesh also gives T50 another ergonomic feature of supporting your body in its postures during work.

Ergonomic S-line

The beautifully-shaped well-proportioned backrest created with a design motive from the human well-proportioned build also contributes to further ergonomic comfort and stability in your back.

S-line
The beautiful S-shaped created with a design motive from human spine contributes to ergonomic comfort and stability in your back.

Synchronized Tilt
The seat plate and backrest tilt independently in response to natural body movements. The tilt mechanism allows the most suitable movement for your different postures.

Forward Tilting
Forward tilt mechanism creates more concentration while in work.

Adjustable Seat Depth
By pulling out the lever under the seat, you may adjust the depth of your seating to fit your thigh size.

Multi Limited Tilt
More advanced than tilt angle locker, this 5 step multi limiter helps you control over your maximum levels of tilt angles depending on your preferred working postures.

Lumbar Support
The optional lumbar support gives more effective and sophisticated support to your lumbar. By turning each handle for 2 way adjustments of height and depth, you may find its best spot for your lumbar support.

Side of Seat Color
For 53X color options, the left/right/back sides of seat fabric is black(556). For others, one color applied on all side of seat fabric.

Replaceable Seat Cover
Revolutionary replaceable seat cover keeps your seating always well maintained and widens color choices.
