Shine like you mean it:

Dispense 1–2 sprays into your palm, rub together for even coverage of oil and comb fingers through the coat or massage gently into fur and body.

Use after a bath, on a towel-dried coat, or directly onto a dry coat for shine.
Repeat if needed.

Warning:

If you notice the bottle is emptying quickly, investigate your humans!

For added luxe &
lustre, combine

You may be asking:
"Fur Love, why did you use a
pump dispenser?"

With a dropper, it's super
easy to overdo it – leaving
your dog greasy!
Inspired by serums, we
choose a pump.
