RESTROOM Program

DEODORIZATION SURFACE CLEANING

Add our **NILIUM** to your favorite solution at 1 oz. per gallon dilution ratio.

Cleaning and deodorizing time can be greatly reduced by adding our water soluble deodorizers to cleaners or plain mop water. This allows the user to clean and deodorize the total surface area in one easy step.

NILIUM-Water Soluble Concentrate
Multi-use deodorizer
Contains odor neutralizer
Works up to 24 hours
Ideal for any water-safe surface

SOURCE REMOVAL

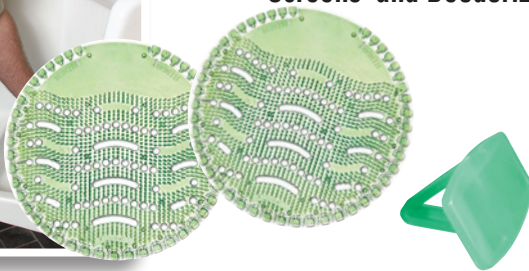

After mopping is complete - simply spray the **Urine Digester** around all urinals and commodes. This product can also be poured into the floor drains.

Bio-Enzymatic Urine Digester
•Five strain bacteria formulation
•Eliminates the urine from the floor subsurface
•Use on all hard surfaces
•ELIMINATES ODORS AT THE SOURCE!

FIXTURE CARE

Replace our highly fragranced **ULTRAair Urinal Screens** and **Deodorizing Clips** every 30 days.

AIR CARE

Aerosols are used to counteract airborne odors and keep your restroom smelling fresh between cleanings. Fragrances should match your water-soluble deodorizer and urine digester.
