

13201AR-LED

3" IC Airtight Remodel LED Housing

Product Description

The 13201AR-LED features IDEAL connections that allows for quick, snap-in connection of NICOR® D-series LED downlights. Suitable for residential and commercial applications. Suitable for direct contact with insulation. IC rated and airtight.

Housing

- Airtight housing limits the exchange of air between ceiling plenum and heated/cooled areas
- Washington State Energy Code approved to meet restricted airflow requirements
- 4 1/2" height allows use in 2" x 6" joist construction

Junction Box

- Listed for through-branch circuit wiring and includes several 3/4" knockouts
- Supplied with three push-in wire connectors
