

## Bi-Pin

### Sunlite 80811-SU LED G9 Bi-Pin Base Light Bulb, 2 Watt (25W Halogen Equivalent), 200 Lumen, Non-Dimmable, 30K - Warm White 1 Pack

## Bi-Pin

#### DESCRIPTION:

Upgrade your fixtures with Sunlite LED G9 bi-pin bulbs. These non-dimmable 2 watt bulbs save energy while providing the same amount of light as a 25 watt halogen bulb. They are a direct replacement and last up to 10 times longer than their halogen equivalent yet require no special handling. And unlike other G9 LED replacements, these bulbs are similar in size and shape to halogen bulbs for a cleaner look when installed in your fixtures. They feature a 300 degree beam spread for a more even distribution of light and with a 15,000 hour average life span you'll need to replace them less often. Common uses for G9 bi-pin bulbs are lamps, track lighting, chandeliers, wall sconces, ceiling fixtures, range hoods, under cabinet lighting, drawers and display cases. They also have an Ingress Protection (IP) rating of 20 and are ETL listed for wet location installation so they are suitable for use outdoors and in landscape lighting. Buy with confidence from Sunlite, a US based lighting manufacturer since 1980.

#### FEATURES:

- **UPGRADE TO LED** - Upgrade your fixtures with Sunlite LED G9 bulbs. These non-dimmable 2 watt bulbs save energy while providing the same amount of light as a 25 watt halogen bulb. They emit 200 lumen at 3000K Warm White color temperature.
- **LONG LIFE TECHNOLOGY** - With a 15,000 hour average life span you'll need to replace hard to access bulbs less often. They are a direct replacement and last up to 10 times longer than their halogen equivalent yet require no special handling.
- **ENERGY SAVING** - These bulbs provide the same amount of light as a 25 watt halogen bulb while only using 2 watts of energy. That translates into an annual energy cost of \$0.24 based on 3 hrs/day at \$0.11 per kWh.
- **SMALL FORM FACTOR** - Unlike other G9 LED replacements these bulbs are similar in size and shape to halogen bulbs for a cleaner look when installed in your fixtures. They feature a 300 degree beam spread for a more even distribution of light.
- **SAFE FOR WET LOCATIONS** - They have an Ingress Protection (IP) rating of 20 and are ETL listed for wet location installation so they are suitable for use outdoors and in landscape lighting.

**SPECIFICATIONS:**

**General Characteristics**

<b>Bulb Shape</b>	G9
<b>Average Rated Hours</b>	15000
<b>Finish</b>	Clear
<b>Base</b>	Wire Style Base (G9)
<b>Average Life Span Years</b>	14
<b>Dimmable</b>	No
<b>Material</b>	Glass

**Electrical Characteristics**

<b>Watts</b>	2
<b>Volts</b>	120
<b>Equivalent Wattage</b>	25
<b>LED Chip Manufacturer</b>	Integrated Ic Chip
<b>Power Factor</b>	0.7

**Light Characteristics**

<b>Lumens Brightness</b>	600
<b>Color Rendering Index CRI</b>	80
<b>Emitted Color</b>	Warm White
<b>Color Temperature Kelvin</b>	3000K
<b>Beam Angle</b>	300°

**Additional Features**

<b>Safety Rating Mark</b>	ETL Listed - Wet Location
