

Please read and understand this entire manual before attempting to assemble, operate or install the product.

WARNING: Avoid fire or electric shock. Follow installation instructions carefully. If unsure about electrical installation, consult a qualified electrician. Wear rubber-soled shoes and work on a sturdy wooden ladder. Ground fixture by using a three-prong outlet, to avoid potential electric shock. To avoid a hazard to children, account for all parts and destroy all packing material.

CAUTION: Turn off the power at fuse or circuit breaker box before installation and maintenance to avoid electric shock. The shoplight should be used on 120-Volt fused circuits. Fixture must be installed in accordance with the owner's manual, current electrical codes and/or the current National Electric Code (NEC). THIS FIXTURE BODY IS ONE PIECE, DO NOT DISASSEMBLE OR MAKE ALTERATIONS. Not to be used for emergency lighting. Suitable for outdoor, wet locations.

This device complies with Part 15 of the FCC Rules and has been tested and found to comply with the limits for Class B digital device. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by manufacturer could void user's authority to operate the equipment.

Retain these instructions for future maintenance reference.

85316-SU | LFX/SHOP/L/40W/IP65/40K | 4' LED LINKABLE SHOP LIGHT FIXTURE

Installation

- STEP 1.** Prior to installation, switch power off at the meter box and ensure the power to the circuit being used is isolated before mounting the unit.
- STEP 2.** Connect plug-in cord to one end of the light fixture, and then insert the plug in socket.
- STEP 3.** Use plug connection to link up multiple lamps if needed. (Max linked: 6 fixtures)
- STEP 4.** Use pull chain to power on/off.
- STEP 5.** Pendant mounting with hanging hooks and screws.
