

**Sunlite 89215 LED 4 Inch RetroFit Recessed Light Fixture, Square Downlight, 7 Watts (65W Equivalent), 700 Lumens, Medium Base (E26) Adapter, Dimmable, 50,000 Hr Lifespan, UL Listed, 3000K - Warm White**

The Sunlite LED 4-inch RetroFit Recessed light fixture is a LED square downlight designed to fit 4-inch recessed housings. It is an ideal choice for residential, commercial, retail, or new construction projects. The square downlight is dimmable (100% to 10%) with standard dimmers and features high-performance long-lasting LEDs. Each Retrofit lighting fixture comes equipped with a Title 24 quick connector and medium base (E26) adapter to make installations simple. With its low-profile look, 3000K color temperature, wet location rating, and simple installation; the Sunlite LED 4 Inch Recessed downlight is the perfect fixture for those new renovation projects and more!

- **LOW-PROFILE** ☒ These low-profile recessed ceiling lights are simple, but they offer a fresh new update to any room. Adding our retrofit downlights would make your home look and feel more current. Installing the recessed downlight provides a modern yet classic look that blends into the ceiling line, making the room appear more spacious and provide an open concept. These retrofit lights are perfect for both new home construction and your current home DIY projects.
- **EASY INSTALLATION** ☒ Includes a medium E26 adapter and Title 24 quick connector, making installation fast and simple. With the medium E26 adapter, switching over to LED recessed lighting has never been easier! With its long-life LEDs and opal diffuser for even light distribution; little to no maintenance is needed. Designed to fit 4-inch recessed housings.
- **DIMMABLE** - When attached to a compatible LED dimmer the light output can be adjusted to suit your needs. These Retrofit square downlights are dimmable (100% to 10%) and compatible with standard LED dimmers. Please view our dimmer chart to find dimmer compatibility information. They also feature high-performance LEDs to produce a Color Rendering Index (CRI) rating of 80. The maximum output is a bright 700 lumens.
- **WARM WHITE LIGHT** ☒ These LED fixtures provide a calm comforting glow. At 3000K the lighting temperature is slightly crispier, pure, and a more neutral white color compared to 2700K. Perfect in bedrooms, living rooms, dining areas, or anywhere you want to set a relaxed mood.
- **UL LISTED FOR WET LOCATIONS** ☒ The low-profile ceiling light is suitable for wet locations, which is ideal for areas like kitchens or bathrooms. With its wet-Location rating you can use it in showers and outdoor settings like covered porches.
