Product Specifications

Product Number	56784
Product Dimension	Ø 2.59 x 9.45 in (Ø 66 x 240 mm)
Item Weight	1.1 lbs. (0.5 kg)
Color	Grey and Black
Material	Aluminum and ABS
Power Source	USB-C
Total Wattage	12W
Number of Fan Speeds	2
Air Volume	8 cfm (14m ³ /h)
Included Components	AirZing™ UV-Compact Air Purifier for air disinfection, USB Cable 5A max, 3ft (1m) length
Lamp	OSRAM PURITEC® HNS® 7W 2G7, Ozone-free lamp (non-replaceable)
Battery Cell Type Included	Lithium 18650 2x3100 mAh (non-replaceable)
Battery Life	Up to 1.5 hours
Battery Charging Time	1.5 hours at 5V/3A; 2 hours at 5V/2A; 5 hours at 5V/1A
Operation Time	24 hours when fully charged and charging at 5V/3A; 5.5 hours at 5V/2A; 3.5 hours at 5V/1A
Manufacturer's Warranty	1-year
Disposal	Please follow local regulations when disposing of this product

Safe and effective

Effective: UV-C at 254nm is a powerful and effective way to eliminate up to 99.9% of viruses, bacteria, and other harmful microorganisms.

Safe: The AirZing UV-Compact is cleverly designed to contain the UV-C light within the unit for air disinfection without risk of UV-C exposure to eyes and skin when used as instructed.

Simple operation

Contaminated air enters through the side inlets, where it gets treated by UV-C light before being circulated back into the room at the top of the unit.

The unit will run on the high fan speed for up to 1.5 hrs before needing recharging or can run continuously when plugged into a 5V/3A source.

Applications

With a disinfection diameter of up to 6ft (depending on the flow of air in the room), the AirZing UV-Compact is ideal for use at home, in the car, at work, or in any indoor space, when placed in close proximity. This rechargeable battery powered device is small enough to be carried with you on the go and fits most car cup holders.

Disclaimer: OSRAM and its group of companies do not promise or warrant that the use of AirZing UV-Compact devices will protect any user from or prevent infection and/or contamination with any viruses, bacteria, harmful microorganisms, illness or disease. OSRAM and its group of companies shall have no responsibility or liability whatsoever for any claim or damage that may arise from or relate to any use of the AirZing UV-Compact devices outside of their intended use or contrary to their installation and operation instructions, each as described in the user manuals.
