

LTS-31

ASSEMBLY MANUAL

Complete Portable Trussing System

This trussing system offers easy set-up and high stability. It comes complete with two tripods that telescope to nine feet featuring two locking grooved pins. Also included are two T-bars and two five foot truss that securely lock together to create 10 feet of trussing span, or they can be used separately. This trussing system is excellent for mobile DJs, bands, and rentals. Never overtighten any of the connectors.

CAUTION: Make sure the trussing system is at the desired height before hanging lights and/or fixtures.
