

Table Top Clearing Trap 4-2021 (1161457)

The Table Top Clearing Trap is designed for the ultimate protection for gun ranges and office locations from loaded weapons being transported into the facility. Dry firing is a common practice to determine if a weapon is loaded. Aiming the weapon into the Clearing Trap will ensure the safety of all personnel in the location. Double-walled armored steel construction will contain all handgun ammunition up to .44 Magnum calibers.

- Double-walled armor steel construction
- Composite rubber core for bullet capture
- Can be used up to 250 times before cleaning
- Polymer coated for outdoor use
