| E    | 1 3/4" SCREWS & WALL ANCHORS | 16  |

- Place flange against wall in desired location and mark holes with pencil
- Using stud finder, locate and mark wall stud if found
- A) If a wall stud is present, attach flange to wall with included screws
- b) If no wall stud is present:
  - Drill pilot holes in wall using 1/4" drill bit
  - Insert anchor fully into pilot hole using hammer and Phillips screwdriver as needed
  - Attach flange to wall using included screws

## CLEAN AND CARE

PIPE DECOR's Noir pipes and fittings do not need to be cleaned and sealed. They are prefinished in a process that causes the matte black color to permeate each piece for a deep tone that lasts a lifetime.

Maintaining your Noir decor is easy. If pieces are dusty or dirty, gently wipe them down with a dry towel. Stubborn marks can be removed by spot-cleaning with a damp cloth.
