## QUILT COVER SETS

Made from the ultimate winter fabric, a cotton corduroy, comes Sloane, a classic quilt cover set available in two colourways, Cayenne and Shell. The fabric is of great quality, it is durable but still soft against the skin and can add warmth without being too heavy. The ribbed nature of the fabric creates a beautiful subtle texture, with a large panel in the centre and two smaller panels either side. The reverse side of the quilt cover is a woven cotton fabric in the same colour as the front fabric.

Front: Cotton corduroy.  
Reverse: Cotton percale.  
Available in Queen, King, Super King and Euro Pillowcases.

# DONNELLY

## QUILT COVER SET

A classic stripe quilt cover comprised of layers that are made from an open weave, soft cotton fabric. The base fabric of Donnelly is a beautiful taupe coloured fabric with rows of white and darker taupe yarns woven through it. The neutral colour and simplicity of this design allows you to keep it classic and simple if preferred, or to use it as a canvas for adding colour and personality too. The reverse side is a soft cotton percale fabric in the same taupe colour as the front fabric.

Front: Cotton jacquard.  
Reverse: Cotton percale.  
Available in Single, Double, Queen, King, Super King and Euro Pillowcases.

# SAVANNA

## REVERSIBLE QUILT COVER SET

Unleash your wild side with this quirky, yet stylish leopard design which has been digitally printed on a soft cotton sateen. Upon first glance the Savanna design looks like a traditional leopard print, but when you look closer it is interspersed with hints of other fun colours - ochre, peach, terracotta and mauve. The quilt cover is completely reversible, one side has a nude coloured background, the other has a terracotta background, which means you can easily turn it over to create a new look!

Front: Cotton sateen.  
Reverse: Cotton sateen.  
Available in Queen and King.

# EUCLA

## QUILT COVER SET

The Eucla Quilt Cover set is made from a textured jacquard fabric finely woven together in a charcoal colour. The neutral base colour is perfect for accessorising with a wide range of cushions, throws, blankets or any other accessories. The fabric is lovely and soft against the skin and has a very fine texture to it, which makes it an elegant fabric that will look great in any room. The reverse fabric is also charcoal, in a cotton percale fabric.

Front: Cotton jacquard.  
Reverse: Cotton percale.  
Available in Single, Double, Queen, King, Super King and Euro Pillowcases.

# ARALUEN

REVERSIBLE QUILT COVER SET

Bold and botanical, the Araluen Quilt Cover is a striking digitally printed quilt cover set that features protea flowers and Australian natives. The graphic nature and strong colour palette which features dusty pinks, mustard and burgundy, make this a beautiful statement piece in the bedroom. The cotton quilt cover is completely reversible, one side has a mustard coloured background, the other has a soft pink background, which means you can easily turn it over to create a new look.

WEIGHTED BLANKET

A weighted blanket applies the right weighted pressure to your body and its pressure points to promote the production of the body’s primary sleep hormones. Offering the feeling of being wrapped in a cosy hug, the blanket promotes relaxation and can help reduce anxiety. The soft grey blanket is filled with glass beads, and can be covered with a single quilt cover. Three blanket weights are available, users must select a blanket according to their own body weight.

Polyester filled with glass beads.  
140 x 210cm. (Single quilt cover size)

EMBOSSED  
COVERLET SETS

An Embossed Coverlet Set is a very popular alternative for dressing the bed. They feature a quilted texture which is made by embossing an intricate pattern into the fabric, with a lightweight fill between the layers. These Coverlet Sets are easy care, machine washable and include two pillowcases.

# BAMBURY

## BAMBURY ELECTRIC BLANKETS

The Bambury Standard and Premium Electric Blanket models both have fully fitted side walls, dual controllers (excluding S & KS), and detachable controllers to allow for safe washing. They also meet Australian and New Zealand safety standards, come with an Overheating Safe Guard System and have a 2 year warranty.

The Standard model has three heat settings on each controller, and includes raised dots to help make it easier when operating in the dark.

The Premium model features separate feet and body zones so heat can be directed to certain areas and a super soft foam core that alleviates the feeling of the heating elements. The controllers are illuminated and can be programmed for preheating and automatic switch off.

## ECOGUARD®

ecoGuard Protectors are made with natural bamboo viscose, making them a softer and more comfortable bedding surface than their traditional counterpart.

The fibres of the bamboo offer stronger protection for bedding than just cotton alone, and they release a natural antibacterial agent, helping to create a healthy sleeping environment.

Featuring a bamboo viscose/cotton terry surface, the protectors are breathable, lightweight, waterproof, absorbent, machine washable and fast drying. They are ideal for incontinence and bed wetting and act as a deterrent against dust mites and the allergens they produce. ecoGuard is also safe to use over electric blankets and easily fits over a mattress.

## SONAR® THERMAL BALANCING

The Sonar® Thermal Balancing product range is designed to absorb, store and release heat while you sleep, helping maintain optimal thermal comfort.

The products feature OUTLAST® technology, which proactively manages heat and moisture to help provide a better, more comfortable night's sleep. The technology, which was originally developed for NASA, is tested and proven to alleviate spikes in skin temperature that cause sleep disturbances, and can help maintain thermal compatibility between couples.

OUTLAST® technology is superior in bedding products because rather than wicking away the sweat after the fact, it proactively manages heat and balances temperature which controls the production of moisture before it begins.

## MITEGUARD®

MiteGuard is a proven allergy protective bedding system that totally encases the mattress, quilt and pillow. It is easy to use and easy to wash and care for.

Millions of microscopic house dust mites live in our homes, and are most commonly found in bedding where moisture, temperature, and human skin flakes provide optimal conditions for growth. These dust mites produce by-products which can cause allergies in humans.

Experts agree the best way of avoiding house dust mites is to create a barrier between you & them. MiteGuard features a safe, air permeable, micron dust filter that is sandwiched between two layers of inert fabric giving premier protection against dust mites and the allergies they can cause.

## COSTA TOWEL COLLECTION

The Costa Towel Range is made from high quality combed cotton that is great at drying. This contemporary style towel features a woven rib pattern on the body of the towel, and a veloured panel along the edges that feels lovely and soft against the skin.

Cotton  
Bath Sheet: 80 x 160cm  
Bath Towel: 70 x 140cm  
Hand Towel: 40 x 70cm.  
Face Washer: 33 x 33cm  
Bath Mat: 50 x 80cm

## MICROPLUSH BATH MATS

These mats have been a favourite for many years, the pile is made from soft tufted microfibre which provides great cushioning and is excellent at absorbing water. The reverse side of the mat is coated in a Thermoplastic Rubber (TPR) which helps prevent the mat from slipping.

Microfibre with rubber backing.  
Contour: 50 x 50cm.  
Shower: 42 x 65cm.  
Large: 50 x 80cm.  
Giant: 60 x 100cm.  
Runner: 50 x 140cm.

## NOMAD & CORSICA TOWELS

These stylish patterned towels are made from good quality combed cotton that are soft and very absorbent. They are finished with a beautiful fringe along the ends and get softer with every wash!

Cotton  
Hand Towels: 36 x 70cm.  
Nomad Bath Towels: 70 x 140cm.
